

Comments

Thursday 12/14/2023 – 10:51 PM

Historic? - yeah, a historic failure! I can understand the youth getting desperate when they have to see, how their future gets killed. I feel sick when I have to see such pictures, and I will have no future, at least not in the long term.

Thursday 12/14/2023 – 10:36 PM

Moving In Gaza - I would recommend Egypt, no war, relatively stable society, not extremist. It could be a really nice place for people who have to flee because of a war, refugees of war. What?

Oh, well, the Egyptians do not open their borders? They do not accept refugees from Gaza? Isn't that a fucking behavior?

But hey, there is always a plan B. I would recommend Jordan then. Many Palestinians still live here. They will be very welcome. The Queen of Jordan had to cry a lot, interviewed by Amanpour, CNN, regarding the suffering of the poor Palestinian people. What?

The Palestinians from Gaza are not welcomed in Jordan? No airlift from Gaza or Egypt to Jordan? Isn't that a fucking behavior?

Well, then I would say that these fucking Jewish swine have to stop their deadly attack immediately, so that Hamas can no longer use their people as cannon fodder, like buddy Putin likes to do. Always these fucking Jews!

Wednesday 12/13/2023 – 1:48 PM

Olaf - how nice is it not to support the Ukrainians as much as possible and necessary so that Russia does not have to lose the war. Hey Olaf, you have gotten my vote, but now I hate your disgusting behavior. Hey Peter, what was the alternative? What was his name? The situation in the USA? Lip service is everywhere, but it's still the Ukrainians who have to pay the daily bill. And, by the way, also the Russian soldiers. Putin has to die!

Wednesday 12/13/2023 – 1:41 PM

Demands - it's good that the international community, as well as the UN, strongly demanded that Hamas stop fighting so that their people no longer have to suffer. I.....what, this is not so? Well, then let us stay to unilaterally demand from Israel to stop fighting. It's a fucking easy way, especially for the Arab community. Hamas has to be destroyed! Netanyahu needs jail-time!

Monday 12/11/2023 – 8:34 PM

How Crazy - is the American society? Or should we ask: How crazy is the American electoral system? Well, what the second question concerns: The American electoral system is totally crazy and far away from anything one could feel as really democratic. And the American society? Well, we will get an answer after the election - but not from stupid CNN polls.

Sunday 12/10/2023 – 3:21 PM

Israel-Ukraine-Differences - Israel will win the war if there is no interference, and Ukraine will lose the war if the necessary support does not happen. Israel needs a lot of political support, Ukraine a

lot of military support. Both seem to be in balance. Both is fucking.

Saturday 12/09/2023 – 2:57 PM

Texas - yes, you love the women, just the way the Taliban do. Who cares whether the bitch dies? Men have to dominate the woman, that's the fucking (religious) truth

Friday 12/08/2023 – 10:04 PM

A Terrible Feeling - well, many developments that do not necessarily make you happy. A lot is on the brink, can this function? I fear that not all will develop positively, what could go wrong? The war in Ukraine - well, this can go badly wrong if we do not support Ukraine better. The war in Palestine - not frighten me that much. Climate change - we simply screwing it up currently. This will be bad for the following generations. The eroding democracy in the US - well, we will know more in a year. The eroding democracy in Europe - Poland could potentially be a hope-giving development. China? Iran? Yeah, I have a terrible feeling that the (near) future will offer bad developments.

Friday 12/08/2023 – 8:02 PM

António Guterres - yeah, he's Portuguese, but I wonder more and more: What is his problem with Israel, maybe the Jews? Does he have such issues with Putin, with Erdogan.....? I do not see it. It's a pity, but this UN is a farce, a joke. This was not the intention of the founding fathers (were there also some mothers?). It was always difficult, with Russia or China, for instance. But now it's best to forget this UN, this UN has no longer any legitimacy.

Thursday 12/07/2023 – 7:12 PM

Ukraine - is it only a feeling, or do we start to fuck the Ukrainians? They die, and we play games on both sides of the Atlantic Ocean. What's worse? A hesitating and anxious German chancellor, or the devastating GOP? I would guess that a dying Ukrainian soldier has other problems.

Tuesday 12/05/2023 – 9:16 PM

COB28 - was there something notable, apart from an extreme waste of resources and people enjoying luxury?

Tuesday 12/05/2023 – 9:09 PM

Israel - what's the strategy of Israel? Well, in any case, they emphasize that they have no interest in backing down. And, still notable, that the Arab world still stays pretty silent, even Iran and Hezbollah. But, have I missed the pictures from the Hamas command center? It's a thin line, Israel has to be careful, but Hamas can't be an alternative.

Monday 12/04/2023 – 9:11 PM

What Could It Be - a basis for all people? That's a question for philosophy, one might say. Or what about religion? A political ideology? What about simply asking the people?

Women in Saudi Arabia or Afghanistan, for instance. But, whatever the result would be, how would you implement it if, for instance, men had a different opinion? Is it only about who has the power, the means, and the money? Well, to be honest, how naive can one be? I'm very commonly not more than a naive and foolish man, but that naive? - Well, Valerie, I can deeply understand you.

Sunday 12/03/2023 – 9:33 PM

Gaza Strip - I would have one question, has anyone an answer? Hamas could use billions of dollars of international aid to build tunnels and rockets, and no one noticed anything? Even not Israel? Sorry, this is difficult to believe, or how should this function? Does anyone have an answer?

Saturday 12/02/2023 – 10:37 PM

Israel - well, without any doubts, it will become a very telling time for Israel, the time after the war. But, it's still time for war. It's to be hoped that Israel starts to ponder its settlement policy. This would help Israel a lot.

Friday 12/01/2023 – 9:11 PM

How Many? - how many from the GOP voted to kick his ass? Wow, should it be, that there are, in fact, a countable number of GOP members left with at least some remaining moral values? One could have nearly the impression.....?

Friday 12/01/2023 – 9:03 PM

Israel - I always hear what Israel has to do, how they should behave, and that they are violating rules. But hey, what about Hamas? Their only reason to exist is to destroy Israel and to kill all the Jews, like some of my ancestors thought and tried. I would like to talk more about Hamas and see that the world demands more from Hamas. And, I would not mix the Gaza Strip and the West Bank. A settler who kills a Palestinian is a bloody killer. This is not to discuss. Let's talk about Hamas.

Wednesday 11/29/2023 – 6:09 PM

Traffic Light Coalition - Germany and its stable governments? Where have they gone? Sixteen years of Helmut, how cozy! Sixteen years of Angela, how nice! And now? Well, firstly, I would say, that this have been thirty-two years in which Germany has missed major developments and changes. Secondly. Blame the fucking FDP and fucking Lindner. Thirdly. Merkel was often not visible, but Olaf? He sometimes appears like a myth. Do you believe in Bigfoot? No, but I believe in Olaf. Olaf, but not Bigfoot? What a jerk you are? Fourthly. It might be that all this is not so bad for Germany after all those nice and cozy, wasted, years with our chancellors Helmut and Angela.

Monday 11/27/2023 – 8:36 PM

Two More Days - or four? I heard four days previously, now two. Whatever, the more, the better. But for how long? Overall, it's a dirty game, who is playing it? We know who will lose it, but this changes nothing. It is so immature that we're unable to live together.

Sunday 11/26/2023 – 10:03 PM

Hostages - the next freed hostages, I watch football on TV, and still have no idea where this all will lead to. It's a hard-to-understand world.

Sunday 11/26/2023 – 0:25 AM

Hostages - it's good that it continues, but what shall be the goal of it? Hamas will never release all hostages, when will it stop? Sure, for Israel, every freed hostage is important, but for Hamas? Okay, maybe I simply do not understand all this war stuff and its dynamics, like often enough regarding Ukraine. Would I release a hostage, would I be Hamas? Seeing that my plan, to spark a political firestorm that would severely harm Israel, even destroy Israel, obviously does not function? That Israel still says that the goal is to destroy me? Yeah, I would not be a good negotiator.

Saturday 11/25/2023 – 3:18 PM

Ukraine - good that there is no longer a war in Ukraine, with daily deaths on both sides. It's good that Putin is no longer a major threat to the democratic world. Has Biden called Xi a dictator? Good old man, some facts have to be spoken out. And Europe cannot start a meaningful process to enable Ukraine to become a member of the EU - what a wrecked world.

Saturday 11/25/2023 – 3:10 PM

Hostages - okay, I can understand their joy, those of the Palestinians as well as of the Israelis. But, isn't this a weird game? The Palestinians get people back, imprisoned under questionable circumstances. For throwing a stone, often imprisoned without a charge. The Israeli children, at the age of two or four, stolen after their parents were slaughtered. Hamas' aim is to destroy Israel, and Israel aims to destroy Hamas. Couldn't that be a western with a big showdown? Two in a duel? But what would it be? A Jew versus a Muslim? Or maybe a Sunni versus a Shiite. And shouldn't Iran be our prime focus? This is an awful world.

Friday 11/24/2023 – 7:47 PM

Hostages - being happy? Well, many are still hostages. This illustrates the nature of ruthless Hamas. And Palestinians? One aspect appears to be certain: terrorism is not to be accepted. Not in Germany (RAF), Spain (ETA), or Ireland (IRA). And of course, not in Israel, the Hamas. The Palestinians have to decide, and it would be a good time. Israel is also under pressure. It could be a time of solutions. But not with Hamas.

Wednesday 11/22/2023 – 11:21 AM

Deal - would be good, especially for the children, on both sides. Could one have wishes and

dreams? It would be:

Israel: This has to be the end of Netanyahu and the right-wing radicals in the Israeli government. Israel has to change its policy in the West Bank - the fucking settlement policy. Meaningful steps towards a responsible two-state solution have to follow.

Palestinians: They have to thank Israel if Israel destroys Hamas. It would be good for a transition if the Gaza Strip got a kind of time-out. The UN? It's sad that the Arab nations are not very interested in the Palestinians. They are all going their own way. Sunnis versus Shiites.

Tuesday 11/21/2023 – 6:18 PM

Not Voting For Biden - what fucking assholes are those young Americans? Sorry, for asking that directly. But, not voting for Biden would be okay if there were a real alternative - but, what alternative should that be? The filthy swine from N.Y. that already plans his vendetta? Really, this could be an alternative for them? If yes, that would indicate that the talking about the dumb Americans is only too right. The runners-up? DeSantis, not less a swine than the one from N.Y.? Haley, I have some very nice ideas and convictions? Ramaswamy, I do love women when I can insult them? The rest of the bunch with no chances? What the shit are these young Americans talking about?

Okay, still a year, but it's sometimes very challenging to look at the USA.

Monday 11/20/2023 – 8:27 PM

Babies - twenty-eight babies now in Egypt, it functioned. Could this be a sign of what would be possible if Hamas did not play such a dirty game with their people?

Monday 11/20/2023 – 8:21 PM

UN - I think that what is proven clearly is that the UN is called into doubt until its core. What about a resolution that deals with the war crimes of Hamas? What a farce, how sad.

Monday 11/20/2023 – 8:18 PM

Tunnel - well, let's see what's behind the door. And yes, the Israeli army is entitled to take its time.

Friday 11/17/2023 – 7:12 PM

UN - blames Israel for using water as a weapon? They demand access to the war zone, Al-Shifa? Well, why not blame Hamas, why not tell them to be inhuman, inhuman toward their own people? Why not demand Hamas to release their hostages? This all, sorry UN, is seemingly not very balanced, to say it nicely.

Thursday 11/16/2023 – 4:35 PM

Ukraine - is there still a war in Ukraine? Sorry that I asked, but.....sometimes I have the feeling that no longer. Isn't it possible to concentrate on both wars at the same time? Is Ukraine still fighting also for our freedom? Well, maybe not.

Wednesday 11/15/2023 – 6:04 PM

Hospital - end game? If there is no Hamas, this will be an absolute disaster for Israel. I cannot imagine that they do this without good evidence. The few weapons I saw, and the chair, were not very impressive, at least to me. We will see. So far, I still see the Israeli activities as responsible. It would be bad if this had to change, weapons of mass destruction in Iraq. I hope that the Israelis are more clever than the Americans.

Monday 11/13/2023 – 1:12 PM

Hospital - well, the command center of Hamas is under a hospital? This illustrates very well what filthy swine the "fighters" from Hamas are. But what disturbs me the most, hearing doctors blame Israel for the situation. No word about Hamas? They had no idea that Hamas had built a command center under their hospital? What about forcing Hamas to leave? Israel provides gasoline? What about the idea that Hamas would provide gas to the hospital? I have the feeling that some are taking the easy way out, simply blaming Israel for all of this.

Monday 11/13/2023 – 1:03 PM

The Constant American Drama - gosh, is this fucking nation not able to handle budgets without these constant dramas, these Punch-and-Judy shows? Well, obviously not with this fucking GOP, even, especially, with this new speaker. How long will he serve? Is there no one feeling some responsibility left in the GOP? Why do we hear no such shit from European countries? It's nice to sit in Portugal, and even if it breaks my heart in a way, it would be silly to consider the USA as a place to spend the rest of my days.

Saturday 11/11/2023 – 6:06 PM

Hospital - if Hamas hides its fighters at and under a hospital, does Israel have to stop the fight? A serious and complicated question, I would say. It would be interesting to hear what the cowardly Hamas "fighters" would say. They act like bad children, now hiding behind their mother's skirt. Point your fingers at Hamas, these cowardly swine! I cannot tell the Israelis what they have to do or not, all I see is the dirty game of this terrorist's bunch.

Friday 11/10/2023 – 2:58 PM

Hamas - it seems that Hamas' plan has total failed. There's no political firestorm in the region, Hamas stands - nearly totally - alone. Why? I would say - with all my limitations - that the harsh Israeli reaction is the basis, the cause, for this! We should think about that.

Thursday 11/09/2023 – 10:19 PM

Hamas - Hamas has to be destroyed so far, that they can no longer "rule" Gaza. I can understand the Israeli government, even if I have to agree with fucking Netanyahu!

Wednesday 11/08/2023 – 11:50 AM

Rep. Tlaib - well, I think that you should not use this slogan. But, she is affected by all this from a very different perspective. But what's really fucking is to hear these shitty, hypocritical Republicans! They try actively to destroy American democracy.....ah, sorry, then it all fits! The twenty-two Democrats? It's okay that they voted as they voted, even if I think that I had voted "no", because at least half of the Republicans would deserve a "yes".

Wednesday 11/08/2023 – 9:08 AM

A Sign Of Hope? - the elections in the US, a sign of hope? Yeah, I think that the Dems shouldn't be too skeptical, even - why even? - with Joe. I underestimated him the first time. The swine from N.Y. is under heavy pressure, as well as wankers like Jordan. Okay, a radical Speaker of the House, but this could also be an advantage for the Dems. I feel somewhat more relaxed when looking toward the US.

Wednesday 11/08/2023 – 9:02 AM

Israel - no ceasefire, I still have the feeling that Israel, over all, acts adequately. Yes, there are examples of awful mistakes and overreaction, but these are single incidents, at least as far as I can understand. Aristotle: You cannot deduce general rules from single examples. Shouldn't we be at least that clever, like Aristotle two and a half thousand years ago?

Monday 11/06/2023 – 9:19 PM

Hamas - never believe a fucking terrorist bunch unless you're a blockhead.

Tuesday 10/31/2023 – 7:40 PM

Refugee Camp - I know no details, but attacking a refugee camp to kill one person, does this make sense? And, the real leaders of Hamas are abroad, shouldn't they be on your list? This seems like stupid behavior, but I would like to have additional information.

Tuesday 10/31/2023 – 7:32 PM

Erdoğan - yes, the Hamas terrorists are freedom fighters, and you bomb and kill Kurds because they are terrorists. Thanks, Mr. Erdoğan, for showing everybody your real face. This Turkey can no longer be our ally.

Monday 10/30/2023 – 7:14 PM

New Elections - there have to be new elections in Israel, after the war, and I hope that this will be the end of this fucking radical government. But, after the war and an accounting for what has happened.

Monday 10/30/2023 – 7:02 PM

Israel - has Israel made bad decisions in the past? Yes, of course. Has Israel currently a fucking leadership? Yes, of course. Are there killers among the settlers? Yes, of course. Does some of Ukraine speak Russian? Well, nearly every Ukrainian speaks Russian.

Should we listen to Putin? No, he's a filthy swine. Should we believe Hamas? No, they are bloody fucking terrorists. I've said it, Putin has to die, the Russians have to lose this war totally. After this war, there can no longer be a Hamas, Hamas has to lose this war totally. It's a question of the idea of democracy.

No longer tolerating the inhuman regime in Iran, hard talks with Saudi Arabia. Insurance of the sovereignty of Ukraine and Israel. Pointing out those who are responsible. Are the Israelis killing the Palestinian people or Hamas? It's fucking Hamas, they are killing their own people, like the Nazis did.

I have no real insights, but I have the feeling that the Israelis did not overreact in the first place. Step by step, it seems responsible to me, I do not believe in Hamas' numbers. And shall we start talking about Egypt and their acting? I sometimes have the feeling that the only ones interested in the wellbeing of the Palestinians are the Israelis. Definitely not Iran, definitely not fucking Hamas!

Thursday 10/26/2023 – 5:09 PM

Maine - let us be affected for a moment and pray, give us more guns and ammunition, we're the best nation on Earth ever. Let us puke hearing such hubris and hypocrisy!

Wednesday 10/25/2023 – 8:01 PM

Hurray! - we have a new speaker, we have a new speaker, the GOP showed us how real democracy functions! But, isn't the interesting question: For how long will we have a new speaker? I would bet my money on, but not for very long.

Monday 10/23/2023 – 7:54 PM

Queen - a queen talks about double standards in your TV show, Amanpour, regarding Israel and Palestine, in western democracies? You do not disagree, that we see a difference between the Palestinians and Hamas? This is shit, Mrs. Amanpour.

Monday 10/23/2023 – 6:13 PM

Plea Deal The Next - well, things are starting to get momentum? I can only hope that their testimonies will be broadcast on TV, preferably with the racist anti-democrat from N.Y. in the room. That could become, in fact, "The Great Gig in the Sky".

Sunday 10/22/2023 – 6:09 PM

Plea Deals - should this become the beginning of the end of this unbelievable farce? Well, not with this shitty GOP, this bunch of anti-democrats staining Capitol Hill. I would not hope for too much. Still the best, the Democrats would win in 2024.

Saturday 10/21/2023 – 8:35 PM

Responsibility - all fingers on Hamas, they have triggered everything, they wanted that their people have to suffer, to use their suffering as a weapon. This is a not to accept disgrace! The goal has to be to end the terror regime of Hamas. This should be the aim of all democratic nations, to hold their leaders responsible. These human swine, who live in foreign countries, squander hundreds of millions of dollars, meant to help the suffering Palestinians.

And, by the way, there is still a war in Ukraine. And, still, the Germans refuse to give them the weapon to blow up the fucking bridge. Fine, Olaf, it's those Ukrainians who have to die, it's not our problem. With how many millions Germany has fed Hamas over the last decades?

Friday 10/20/2023 – 8:12 PM

Jim Boy - Jim Boy is dead? Fine, then he can concentrate again on cocksucking! It's so ridiculous.

Friday 10/20/2023 – 6:08 PM

The Jordan Saga - it seems that it will never become a saga, more like something like a nonstarter. How embarrassing this is. This tells you everything about the majority of the GOP. Let Jordan pass over the Jordan - well, in Germany "pass over the Jordan" means "bite the dust", to die. What a Punch-and-Judy show!

Thursday 10/19/2023 – 5:51 PM

Millions Over Millions - where are all the hundreds of millions given to the Palestinians? Hamas takes pipes, meant to build an irrigation system, and makes rockets out of them? Well, that tells you everything about the filthy Hamas and all the millions. The Palestinians would have to understand that their worst enemies are all these terrorist organizations.

And by the way. Is any Islamic nation in this region interested in the fate of the Palestinians, apart from big words and rotten tears? They all give not a shit about the Palestinians - Iran has to fall!

Thursday 10/19/2023 – 5:43 PM

Hospital - well.....it seems obvious now. It wasn't an Israeli attack. And, the number of casualties is - by far? - exaggerated. Yeah, never believe a terrorist organization, even if it cannot be totally excluded that they tell the truth. Wasn't there this story that Colin Powell could tell you? Does the question arise: Whom can you still trust?

This is the question you have to answer for yourself. But, a terrorist organization, a notorious liar and swine like the Orange Troll from New York do not seem very reliable. And a far-right Israeli government? Well.....ask Jim Boy, when he has no cock in his mouth.

Wednesday 10/18/2023 – 5:54 PM

Jim - see the fucking sore loser standing in the corner? This is Jim Boy sucking his master's balls. Gosh! What a farce it would be if this radical anti-democrat became speaker. Is there still hope for

the GOP - Grand Old Party? Oh, I have forgotten: It's all the guilt of the Democrats - why does their speaker always get more votes than ours? I would run mad if this were my government.

Wednesday 10/18/2023 – 5:42 PM

Hospital - can you always believe Israel? I wouldn't. Can you always believe the USA? Are you kidding me! Can you ever believe Hamas? It would be like thinking that Putin would be a nice guy who would have had no other chance than to invade Ukraine to kill all these fucking Nazis there. Never ever believe Hamas!

All the evidence so far, as far as I understand it, points to the fact that it was a rocket. I saw a fire, but no crater, has anybody counted the deaths? But it would be easy. Allow an international investigation. Let's see what Hamas will decide.

Tuesday 10/17/2023 – 6:10 PM

Poland - was there a guy named Bolsonaro? What about Kaczynski? What about Hungary? Have we got to talk about the USA? Could this be what one can call a "dawning"? A dawning of democracy? Well, not bad, but it always puts the USA in focus. The next presidential elections will be telling. And, by the way, the PiS has still gotten the most votes. So, it's not that easy.

Monday 10/16/2023 – 6:33 PM

Israel? - Israel commits war crimes? Well, the Ukrainians are committing war crimes. As far as I know, they have killed Russian POWs. Band of Brothers, Damian Lewis murders a young German soldier as he surrenders. Did he start the war or the German Nazis? Did the Ukrainians start the war, or the Kremlin swine called Putin? And Israel?

Radical settlers are killing Palestinians right now. Palestinians do not stop firing rockets and abuse their own people. Radical fundamentalist Jews are radical fundamentalists. Hamas has committed this horrible atrocity. We should try not to lose sight of who did what. That Israel tried, for instance, to get a better relationship with its neighbors. That Iran is a fucking inhuman system of old radical men. We should not confuse who did what for what purpose.

Saturday 10/14/2023 – 7:33 PM

Special Forces - Ukrainian special forces infiltrate Crimea? Yes, I'm no military expert, but I would concentrate on Crimea. Crimea has to become a battleground, this will hurt Russia extremely, would be a huge problem for Putin. Sure, they need long-range missiles and other weapons. It's good that Germany, Olaf, refuses to deliver Taurus cruise missiles. Otherwise, it would be too easy for Ukraine - fuck you, Olaf!

Saturday 10/14/2023 – 7:25 PM

Israel - does Israel act overblown? Well, if I imagine that Arabic immigrants killed Germans with hand grenades and machine guns, maybe during a music festival? I will not consider what would happen in Germany. But for Israel, this is fucking bloody reality!

Did the Israeli settlement policy hurt and provoke the Palestinians? I have said enough about my opinion, my opinion about Netanyahu and the current Israeli government. But this action by Hamas

is inexcusable. And even if it is hard to say because there is extreme suffering in Palestine now: Do not fall for the Hamas propaganda videos. It's Hamas that has triggered all the suffering of the Palestinians today and tomorrow. It's the fucking terrorists from Hamas.

Friday 10/13/2023 – 6:15 PM

Hamas - Hamas hinder their people from going into safety? This is more than telling, it tells you everything about the cowardly Hamas terrorists.

Thursday 10/12/2023 – 7:07 PM

Israel - Ukraine has every right to fight back. Israel has every right to fight back. Killing all Palestinians? Of course not, but Hamas has to be smashed.

And by the way, it's again a very distinct illustration of what fucking losers extreme right-wingers are, if they govern. We should think about it.

Wednesday 10/11/2023 – 6:48 PM

Liberate Palestine - there will never be a free Palestine with the Hamas. Hamas has to go. And, like in Ukraine, never forget who was the aggressor. Russia is the aggressor, and Ukraine defends its territory. Yes, there are Russian civilians dying, blame the Russians for that. Hamas is the aggressor, and Israel defends its territory. Yes, there are Palestinians dying, even children, blame Hamas for that. It's so sad how little a human life counts, this is a shit world.

Tuesday 10/10/2023 – 6:48 PM

Israel – yes, CNN, I understand the importance. But, there is still a war in Ukraine, right?

Do I understand the reaction of Israel? Well, this attack was definitely horrific. And that Hamas dodge behind their own civilians, so they get killed, shows their moral rot. Hamas has to become totally defeated, it has to have consequences for Iran.

We have to support the Palestinian people, and it's interesting for me that the Palestinians living in Israel are not fighting (as far as I know).

I hope that this will be the end of Netanyahu, his incompetent government.

I hope that this illuminates ultimately how dangerous this GOP, not able to govern, is.

And the price for all this, the bloodshed? It's an insane world we're living.

Sunday 10/08/2023 – 4:58 PM

Israel – I criticized Israel for its policy, especially those of the settlers, more than once. What I think about Netanyahu should be no secret. But the attack of Hamas is not to excuse, there are no reasons for such an attack. But?

Why is it so difficult for the Israeli government to get this situation under control? There are still

fighters in several places on Israeli soil? Why was it that difficult for the Israeli to fight back immediately? Why was it that easy for Hamas?

I always thought that Israel is prepared to react at every moment to whatever threat. I thought that every Israeli is a kind of soldier, who had to serve in the military. I do not get it.

*

It would be important for the Palestinians to get rid of their corrupt and radical "leadership".

It would be important for the Israelis to get rid of Netanyahu and especially the radical right-wingers in their government.

It would be important for the world to get rid of all the extremists and fundamentalists. They are the worst plague humanity is infected by.

Saturday 10/07/2023 – 6:21 PM

Hamas – I do not understand what should be the purpose of this attack. Did they really think that others would join them, other nations? I do not get it, I really don't get it, how much is a life worth? Nothing! For radicals, fundamentalists, mad dictators.....a life is worth nothing – expect their own fucking lives, of course. It's again a very, very sad day. A day to take pause and to reflect about what being a human should mean.

Thursday 10/05/2023 – 3:56 PM

No Taurus – okay Olaf, you're disgusting! I feel ashamed that I have elected you, Ukrainian blood stains your hands. It's a very, very sad moment for all Germans – but hey, it's still the Ukrainians who have to pay the price, have to die.

Tuesday 10/03/2023 – 11:17 PM

Multi-Party-System – this repeated farces in American policy are illustrating, why a two-party system is nonsense, that democracy needs a multi-party-system. And by the way, the popular vote has to count – the presidential election is a nation-wide election! And yes, I know the British system, and Britain is the next example why this kind of system is non-functional as a real democratic system.

Tuesday 10/03/2023 – 11:06 PM

Speakership - this speakership was right from the beginning a farce, and it ended, as anticipated, in a farce. This GOP is a decayed bunch of lunatics, and it's painful to watch this. This nation has really the cheek to call itself a shiny democratic beacon for the world? This nation gives every anti-democrat in the world the arguments why democracy is shit! The Americans have to wake up and have to realize that people like Gaetz or Green are fundamentalistic, fascistic, and anti-democratic radicals. Their aim is, to destroy democracy, they are the real enemies of the American people. A horrible moment for democracy in the world, a world that needs more democracy so much. A sorrowful moment.

And by the way, the Democrats acted as they had to act. Their only chance is, to rescue the American democracy, to win the White House again.

Monday 10/02/2023 – 4:40 PM

Budget – wow, what a farce and drama, unthinkable that this shit could unfold in Germany! Really? Well, not today, and I would say, tomorrow either. But we become more and more American-like, like in our world of work, or how we treat each other. Hey, next month in Matosinhos, Portugal, again? It will be as always as a time travel, like Germany in my youth.

Wednesday 09/27/2023 – 6:37 PM

Fraud – do not say that you're surprised. He's a swine in every respect, that's how human swines behave.

Tuesday 09/26/2023 – 6:10 PM

Eddie Irizarry – if this is no misbehavior, if it's okay that police officers are lying, then I have to ponder about going back to California. I simply would fear for my life!

Monday 09/25/2023 – 6:38 PM

Really? - the swine from N.Y. is pro worker? Who would be dumb enough to believe such a shit? Those would be as sick as the Germans have been, as they elected Adolf Hitler as President of the Reich.

Monday 09/25/2023 – 6:34 PM

Why? - why the Democrats always accept this GOP shit? It's always the same farce, it's unbelievable to watch this regularly. This political system is simply ridiculous!

Saturday 09/23/2023 – 4:01 PM

The Brits – it was a British cruise missile who hit Crimea? Do we have to love the Brits now, and to hate the Germans? If I were a Ukrainian, then I would feel exactly that way!

Saturday 09/23/2023 – 3:56 PM

Crimea – Crimea has to become a battleground! Not because I like seeing people dying, but only this way the Russians can see that the war will target them in the end. And we Germans do everything to make it as difficult for the Ukrainians as possible! Fucking Germany!

Wednesday 09/13/2023 – 6:13 PM

War - nothing is more staggering than war. Look at the bonobos? They have stress with each other? Hey, let's have sex together! Male and female, female and female, male and male. Could it be, that the bonobos are the real clever ones?

Tuesday 09/12/2023 – 4:58 PM

Nature fights back? - seems so, and it would be understandable. But why in Morocco and Libya, wouldn't it be in Germany, France, the USA not better? The USA? Well, they shoot dead their own children, and we in Europe? We always teach the others, simply not seeing our misbehavior. Sometimes all seems so pointless.

Monday 09/11/2023 – 6:54 PM

Taurus - why, why always hesitating, why always these discussions, only to provide the weapons at the end. Said it, it's only those Ukrainians who are dying, not our problem. It's said the Olaf is afraid of that Ukraine could win, how Russia would react. Some say the same about Joe. I am not convinced that I will elect Olaf again.

Friday 09/01/2023 – 4:56 PM

Harsh Verdicts - some harsh verdicts, good so! But, it will be important to cut to the edge, these are only the stupid foot soldiers.

Wednesday 08/30/2023 – 7:45 PM

Africa – why?

Monday 08/28/2023 – 5:41 PM

Where Are The Good Old Days Gone? - as a nuts psycho? You could travel to the colonies and simply satisfy your crazy lusts. Killing some niggers, hanging them, fucking and raping the women and girls? Sure, why not, they did not belong to the white and superior race. Doing the same in "America" with those Indians? Sure, less worth than cattle. In Indonesia or Brazil, and many other places? Sure. Let them starve to death in masses in India? Yeah, no problem for the proud queen and all their successors.

Germany, France, Great Britain, the Netherlands, Belgium, Spain, Italy, Portugal, Russia, Japan.....it will be a long list. But hey, this was the past, today we live in better times. Niggers are killing niggers in Africa, the Chinese people are threatening the Taiwanese people, Russians are killing Ukrainians, and Americans are killing Americans. What progress!

Sunday 08/27/2023 – 3:56 PM

I'll Kiss You Goodbye - yeah, Russia or Spain, or the rest of the world. It would be such relieving could we get rid of these toxic males. Some of them, at least.

Wednesday 08/23/2023 – 8:24 PM

Fallen From Sky - it's okay, whatever happened in fact, a toxic male, a human swine, less on Earth.

The Earth is somewhat better today - we could even do better without some more of them.

Monday 08/21/2023 – 7:22 PM

Fighter Jets - why it always takes so long, why always so many Ukrainians have to die unnecessarily? Give the Ukrainians cruise missiles so they can attack Crimea directly, blow away the fucking bridge. It's so sad!

Monday 08/21/2023 – 6:18 PM

Torn Between - seeing all the developments on Earth like climate change, war in Europe, or endangered democracies everywhere, I'm happy to be old. It will not get better over my remaining years, but the worst should come after my death, even if I get really old. But, all these new insights, especially regarding cosmology, it will be sad if this ends for me. Well, in any case, it will not be up to me to decide how long it will last. At the moment, I would say: As long as even possible, despite all the negative aspects.

Saturday 08/19/2023 – 8:37 PM

"Rudy" - fuck him! "Des Teufels Gernerl" (The Devil's Gernerl) by Carl Zuckmaier, written in American exile. The words of Gernerl Harras: „Wer auf Erden des Teufels General wurde und ihm die Bahn gebombt hat – der muß ihm auch Quartier in der Hölle machen.“ ("He who became the devil's general on earth and bombed his way - must also make him quarters in hell.") Yeah, Rudy, make your devil his quarter.

Friday 08/18/2023 – 8:46 PM

The World I'm Born - is long gone. We know today where our cosmic home is, know our cosmic neighborhood. How long is it ago that the first planet in another solar system was found? It's breathtaking, all this scientific progress, not only regarding physics or cosmology. Every day, minute, second they die in Ukraine, and so many other places on earth. It's devastating how less we developed over the last four thousand years or so.

Tuesday 08/15/2023 – 1:18 PM

Hey, Georgia! - could it be that this so dark former nigger-slave state will be the former wannabe dictator's grave? And what I like most? The many indicted bootlickers! CNN? Why are you always talking about the brainwashed GOP and their voters? Why give a shit about their opinion, about their candidate? Fuck, I want to see surveys dealing with independents! The independents will decide the next vote in the same way they decided the last one. Forget this GOP cult. Let them die with their leader!

*Whoa-whoa, Georgia
Georgia
No peace, no peace I find
Just an old, sweet song
Keeps Georgia on my mind*

(Georgia on My Mind; Ray Charles)

Sunday 08/13/2023 – 7:09 PM

Olaf - sorry, but why always the same disgusting "discussion"? Okay, it's only those Ukrainians who are dying, those we killed in masses during WWII, so why rush? Let them ultimately destroy this shitty Russian bridge. Let them destroy some more of these Russian ships! Wow, they could attack Russian soil? Fuck, let them attack Moscow and the Kremlin. The Russians are the aggressors, not the Ukrainians. If I were a Ukrainian, I would be upset about the behavior of the German government. Yeah, I know, I have elected Olaf. But can anybody imagine that our chancellor would name Laschet? It feels shitty to be a German in such moments.

Saturday 08/12/2023 – 5:26 PM

The American Juridical System - should it be that I have to check my opinion regarding the American juridical system? And this is not only because of the Orange Monkey, it's also and especially because of Hunter Biden.

Friday 08/11/2023 – 4:55 PM

Hawaii Is Burning - the loss of life and property, the planet as such has no problems with some degrees more. It will be a catastrophe for single species and habitats, but not for Earth as a whole. It's only to hope that the most devastating creature will find its end - oh, damn, I fear that would be us!

Tuesday 08/08/2023 – 5:45 PM

Counteroffensive - not as successful as hoped? Well, give the Ukrainians the urgently needed weapons, all this chattering is disgusting! But hey, it's only these Ukrainians who are dying for our peace in Europe, to show China that war is no means of politics - why should we be concerned? We are such lousy wankers!

Tuesday 08/08/2023 – 5:32 PM

It's Getting Hotter And Hotter - well, in Germany, it rains, and it's too cold for the season. Our clever right-wingers and populists like Aiwanger are asking: Look, look at Germany, where there is climate change, snow in the mountains! Yeah, there's snow and haze in their heads, but this fits us Germans. We need more, more severe meteorological disasters, more wildfires, especially in the Easter part, bad harvests, significantly rising food prices. We Germans need the real catastrophes, like the total defeat after WWII, to start to ponder. And even then, it's hard for us to look in the mirror. We're such a cultural nation!

Saturday 08/05/2023 – 7:27 PM

Niger - Wagner will fight for the new bosses in Niger? Wow, why are we Europeans so in panic, just as if this would be the first African nation where a military coup takes place? Could we discover

any reason for all this?

Friday 08/04/2023 – 7:27 PM

War In Africa? - well, war in Europe, not for the first time after WWII. The wars of the insane Bush father-son couple. What should we tell those African nations, especially considering the French "special interests". Those who were so important in Rwanda, were important for France, not necessarily for the people who lived in Rwanda. It would be devastating and staggering would this all lead to the next African tragedy.

Wednesday 08/02/2023 – 7:01 PM

The American Juridical System - if I ever see the swine from New York behind bars, together with his buddy Rudy, then I have to ask very seriously: Am I dreaming? Only the fact that Putin dies in a prison cell in The Hague could top this. We sometimes simply have to dream, and to hope, that one or two of these American myths come true.

Monday 07/31/2023 – 7:01 PM

Niger - it's disappointing, if Africa stood together at least somewhat, they could be a real global power. Will Africa reach that point one day? It would not be so nice for Europe and their "interests" in Africa, as well as those of the USA, Russia, and China. But it would be good for Africa and the African people.

Friday 07/28/2023 – 10:18 PM

Sinéad O'Connor - I never heard much of her music, never bought me an album, and yet, it touches me. Could it be only because she died younger than I am today? Maybe because her life was so much harder than mine ever will be? Shall I hope that she will find her god now, when I see absolutely no reason why there should be any kind of god? Shall I say that I always thought "Nothing Compares 2 U" would be kitschy and commercial?

*I'd kill a dragon for you, I'll die
But I will rise
And I will return*

*Being what I am
There is no other Troy
For me to burn*

*Make no difference what you say
You're still a liar
(Troy; Sinéad O'Connor)*

Tuesday 07/25/2023 – 5:47 PM

Israel - if a radical right-winger talks about democracy, about, that it's all about strengthening

democracy, then you know that the house is engulfed in flames.

Tuesday 07/25/2023 – 5:43 PM

Germany - Friedrich Merz, Germany's Next Most Dangerous Firestarter? He's such a jerk, such wankers have enabled Hitler.

Monday 07/24/2023 – 6:15 PM

Israel - the arrogance and sarcasm of history! Well, Israel, the state of those who survived the Holocaust, acts like the Nazis acted, if this is not satirical reality at its finest! And why? Because one man thinks he's above the law, one man cannot step back and hand the power to the next, as it should be in a democracy. Well, this development is even worse than what we have seen in the United States so far. And what does this teach us? Well, not even being the victim of a holocaust, the Holocaust, can ensure that you will live for democratic values. What does this tell us about the "human race"?

Saturday 07/22/2023 – 10:03 PM

Be No Coward, Decide! - optimist or pessimist, the choice is yours! But I'm undecided, really, after nearly sixty years? How much more time do you need, move your ass! Maybe I fear being wrong, this is such a fundamental question. Yeah, sure, this is always the easy way! A big mouth if it doesn't hurt, but if it counts, then we pretend to be the wise oracle - you're such a lousy piece of shit! Can I have one or two days more?

Wednesday 07/19/2023 – 7:59 PM

An Ideal World? - how you define an ideal world? And maybe more important: Wouldn't it be more meaningful to ponder how to improve the world? To make the world at least somewhat more just, then pondering about an idealistic ideal? And what would be "somewhat more just"? That the minimum wage in Germany would be higher? That there would be at least some kind of modern worker rights in the USA? That no one has to starve to death anymore in a world that could feed easily everyone? That Putin would die a fucking painful death? That I could spend my retirement in Matosinhos and would get at least eighty-five? We're so far from everything. Except that I will die in Matosinhos as a really old man.

Tuesday 07/18/2023 – 9:54 PM

The Next Step? - but, what should that mean, seeing this rotten GOP? And "his base"? After such a long time of brainwashing, even putting him in jail wouldn't help anymore. No, the Democrats have to do it on their own. The left has to stay together. Oh, wasn't there something? Ah, yes, some more "independent" and "left" candidates, which is very nice in a fucking majority voting system, very meaningful. Maybe, as a weird idea, get rid of this fucking majority voting system in a first step? And then have a better democracy where a multiparty system makes a lot of sense? Yeah, Jacinda, the USA can't often be understood from a real democratic perspective.

Monday 07/17/2023 – 7:32 PM

Second Time Down - once there was a bridge, a fucking symbol, but the symbol got destroyed. Well, not completely, but it's a kind of irony that for the second time now. The Russians threaten with cluster bombs? What stupidity, each side is already using them! Or is it maybe because the US bombs are much more effective than the Russian ones? What about protecting your shitty bridge? Two got killed, a girl got wounded, shall we forget? But what should that mean? In Ukraine, every day, children get wounded, killed, kidnapped, and raped. It's the fucking reality of war, a war the Russians have started. And therefore, for every dead person, the Russians are responsible.

Sunday 07/16/2023 – 11:19 PM

Fascism And Communism - both the same, only using another fetish. They mark the extreme areas of our political spectrum, left and right. If we only agreed therein that the extreme areas are not what is good for the general public, then we would have nearly won the fight for democracy. There would still be a large scale of possibilities to shape this political system, for instance, having a king or queen, but the most dangerous threats would have been hurdled. But hey, can we? It doesn't seem so, looking at Sonneberg for instance. Well, forty percent didn't vote, there is a second challenge. The people have to vote if they can. A democracy cannot function if the people don't vote. I sometimes feel like a naive child waiting for Santa Claus.

Saturday 07/15/2023 – 7:17 PM

Are The Super-Rich "The Evil"? - well, I would say, maybe not "The Evil", be careful with superlatives, but evil in any case. Wow, not sure if they will allow me to enter the USA next time. The super-rich, wonderful men, men!, like Jeff or Elon, these gods of free enterprise! The Waltons or the Sacklers, these pillars of the free white race? But I'm unfair!

Let us talk about these bad Russian oligarchs with their super-yachts, or about these Chinese and their clique of super-rich. It's good to live in Germany, where we have our own super-rich, but they do everything not to be apparent as super-rich people. But hey, you said that those super-rich people are evil as such!

Assuming that there would be a world without super-rich people, not a communist dream world with alleged - fraudulent - equality, would this world suffer because those people are missing now? I would say that it would be a relief for this world!

The rich get richer, this tells you all. They use our democratic systems and have no problems with dictators as well, but they do not support this system regarding their capabilities. They are the bloodsuckers of our society, not those on welfare.

Friday 07/14/2023 – 8:02 PM

Is Economy "The Evil"? - well, we all have to trade in one way or another, or we have to produce and build everything on our own that we need for life. So, there will be trade in some way in any case. So, let's ask if trade can be evil.

Well, this question seems, in a way, so silly that it seems totally unnecessary to ask it! A new question, a new try. Could we, or at least the vast majority, all agree therein to find ways of "good" trade, not defining "good" for the moment?

Not in a world with nations like Russia and China, but also Europe and the USA. I do not have the feeling that any of these nations is interested in, say, fair trade. Seen in this way?

Yes, economy is "The Evil", but not because trade is evil as such. It's like religion. Religion is not

evil as such, but one can use religion very well to outlive his insane and sick fantasies. The same is true for the economy.

Thursday 07/13/2023 – 10:39 PM

Germany And The USA - well, I'm not very optimistic regarding very basic questions and problems. Germany and the energy transformation, for instance. I do not see that we perform as well as we could, and there are so many reasons why. Many are so stupid, like winning the next election. If we fail, then the next election will be our slightest concern. There is no common ground, no real insight that we have to solve this problem and that we have to change because the already happening climate change changes a lot. America as a democracy, for instance. Apart from the question of to what extent one should call a nation with such electoral laws a (real) democracy, it's because of these laws and topics like who appoints Supreme Court judges that the US democracy is very fragile. It could happen easily that the US turns into a non-democratic state.

But if even such nations as Germany and the US are so far away from being this mystic shining beacon for the rest of the world, which nations could play this role? China? It sounds stupid at first, but is all of China's doing wrongdoing? A nation from the Middle East, Africa, or South America? In any case. Both nations, Germany and the US, are far from being the teacher for the rest of the world. Germany tried once, but it became a hideous disaster.

Tuesday 07/11/2023 – 1:45 PM

Ukraine - where the fuck is the clear statement that Ukraine will become a NATO member right after the ending of the war? And the consequence will be then, that we have to support the future NATO member Ukraine with everything to win this war as soon as possible! Putin is weak, Russia is weak, they are very weak. And we could perform so much better.

Tuesday 07/11/2023 – 1:41 PM

Sweden - Sweden to NATO, kick Turkey out of NATO! This is not an ally, this is an enemy! This is unacceptable behavior, especially in such a moment!

Sunday 07/09/2023 – 11:06 PM

Cluster Bombs For Ukraine? - well, I have to say, this causes problems for me. Yes, fighter jets, tanks, and long-range missiles in any case, but such ammunition? One could say that the Russians use this kind of weapon as well. There is some evidence that the Russians have used phosphorous bombs. Thus, also phosphorous bombs for Ukraine? On the other hand, we do not believe that the nice and clean pictures on CNN are showing us the real bloody insanity of war. Or do we? The fucking brutal dying at the front? Give Ukraine fighter jets, long-range missiles, and precision weapons. Maybe that would help more. On the other hand, is it that important what will kill you as a soldier? And the not-exploded bombs? In a land full of blind shells and mines of all kinds? I find no real and ultimate answer.

Tuesday 07/04/2023 – 9:10 PM

France - the violence? French politicians are saying that the French state has to be strong and has to

answer with law and order. But, always making promises but not keeping them? Also in France, a white "elite" is afraid of losing their wealth and privileges. All through history, immigration illustrated always the inequality in the standards of living in different parts of the world.

Friday 07/01/2023 – 10:56 AM

Brazil - hey, USA, interesting development - or. It's fascinating to see what is possible if courts aren't corrupted and political instruments for radicals. Said it for a long time, you could have expanded the Supreme Court, now it's too late!

Okay, we have to see how the developments in Brazil go on. But in any case, it's possible, obviously.

Thursday 06/29/2023 – 9:28 PM

Supreme Court - well, it's still the US. On the other hand, a racial quota? Well, there's a women's quota. The "liberal" California abolished it in 1996 or so? Would it be important to talk about the motivation of the judges? Who is happy about their decision? Wouldn't it be significant to talk about the bad educational system in the USA as such? I look in the mirror and see a white guy.

Tuesday 06/27/2023 – 10:14 PM

Prigozhin - should I be interested in his fate? Well, I hope that this filthy swine without morals and scruples will die a miserable and painful death very soon. More is not interesting. Apart from, he's a liar and manipulator.

Tuesday 06/27/2023 – 7:51 PM

Supreme Court – still a glimmer of hope for the USA? Well, Biden, the Democrats, have to win. Everything else would be a disaster. With or without a rotten Supreme Court.

Sunday 06/25/2023 – 7:51 PM

Prigozhin – if I be a Hollywood writer, this would be my plot: Prigozhin fakes an insurrection, with the result that he and his mercenaries will end up in Belarus. There he finds his way back, sees that he has to fight for the Russian soul, and invades Ukraine from Belarus. Ukraine has two fronts now, and Putin says that this is this crazy Prigozhin, he has no longer control over him.

Will this happen? Well, I would definitely not say: In no way! These fucking guys have no scruples or morals – hey, we can also see very concise examples of them in the US.

Friday 06/16/2023 – 1:16 AM

Counteroffensive – the counteroffensive has started, in a way, even if no real information is available. But, what's absolutely definite is, that the counteroffensive would be more powerful, and this would mean fewer dead soldiers, if they had (better) air support. Why always the same deadly game, deadly for the Ukrainian soldiers and civilians? Why we're not willing to support them with the necessary means to win this war? Especially, when they need them and not always months too

late?

When this war is over, whatever the outcome, "we", and this means also and especially Germany, will stand ankle-deep in Ukrainian blood. It's so shameful.

Wednesday 06/14/2023 – 8:39 PM

The CNN Stupidity – broadcasting 24/7 the hypocritical statements and comments of the anti-democrat who once stained the White House? Is this clever? I do not say that CNN should report nothing about it, but what about some more about Biden, the Biden administration, and their political activities? Being in the news always helps - ponder whom you support, CNN.

Tuesday 06/13/2023 – 10:23 PM

Will It Play Out? – the swine in a Floridian courthouse, will it have an effect? Okay, a good development in any case, but will it play out? Still, whatever will happen on the GOP side, it does not help, the Democrats have to win in 2024. This has to be the focus of the Democrats, to win an election. Let the GOP do whatever they wanna do, staying in the White House has to be the only main focus that the Democrats have to have.

Monday 06/12/2023 – 11:35 PM

The European Downfall – the world in a hundred years? Europe will be marginalized, the USA as well. Europe (and the USA) cannot function as a fortress, they have not functioned suchlike during history. Europe (and the USA) have lived from colonization and slavery, from cheap resources, workers with no rights, by their military power. But this all changes now, and there will be no way back. Europe (and the USA) will die because of their hypocrisy, a white "upper class" that's not willing to change. Not changing means dying in the universe because there's constantly change everywhere in the world. Survival of the fittest means, survival of those who can change best, adapt to new circumstances. Europe (and the USA, possibly even China) are the dinosaurs of our time. But hey, can you see these little tiny mammals everywhere? They will dominate the world when the dinosaurs have ultimately died out.

Saturday 06/10/2023 – 1:21 AM

Indictment – well, the second time, and this time in any case severer. But, another dirty deal? Should not possible this time. But even if he falls, DeSantis? The Democrats have to win, no matter if the anti-democrat from N.Y. now living in Florida, or the anti-democrat from Florida will be the opponent. Maybe all this ado is not so relevant in the end, and other matters will decide who will be the next POTUS. However, might be that some independents will start thinking? This would be the best case, I can think of.

Friday 06/09/2023 – 1:53 AM

Comments – on what? It seems so absurd, but maybe only because it's so absurd. As far as we know, the universe had a beginning, and will have an end. This will limit automatically everything. This could help you, the knowing, whatever, on day, nothing, absolutely nothing, will be anymore. Sad in a way, but in the same way relieving. Like a kind of theoretical experiment. How worse it

ever could get, in the end it will not be real. I do not understand if this could be, in fact, relieving.

Monday 06/05/2023 – 10:42 PM

Counteroffensive – the dying continues, will increase, the "nice" pictures on TV, all the time soldiers, humans, are dying. No matter of Russian or Ukrainian. But, and this matters and will matter forever, the fucking Russians have begun this war. The Ukrainians will hopefully be successful, they have to free their country, especially Crimea, have to rescue the European democracy. What a waste of human life caused by the Russians.

Sunday 06/04/2023 – 11:01 AM

Poland - why always this lust for absolutism? Bolsonaro is history, at least for the moment. The USA? Poland maybe? Hungary? Turkey? The AfD in Germany? Politicians from the CDU and FDP who act fucking? It's heartbreaking to watch this movie.

Friday 06/02/2023 – 1:49 AM

Climate Debate In Germany—if, if!, one would still need a proof therefore, that Germany is very commonly not the paragon of the world – what Germans always like to believe – then one had simply to follow the climate debate in this wonderful nation. It sometimes appears like comedy, and it would be very funny, would we not gamble away our children's future. Okay, I have none, but it sometimes simply feels as one should feel ashamed to be a German.

Wednesday 05/31/2023 – 10:14 PM

Sackler Family - I do not try to figure out how many billions they own, it would make me only upset. This deal, it's like spitting on the graves of those this family has murdered. They are pleased with it, that tells you all. They are a bunch of filthy swines - what? Oh, I see, they are fucking rich and this is the US, I understand. They have earned their money by hard work, they deserve every penny. They are proud Americans, one should give them a medal in the White House - do not do it, Peter! Do not ask the Internet if they didn't get one or two or more already. Whatever, these are the real American criminals, not a petty crook from a so-called minority.

Tuesday 05/30/2023 – 9:12 PM

Will AI Extinguish Us? – well, I would say, we would firstly need an AI, then we could see. A, by a computer program written, text or a faked photo will not extinguish us. If something extinguishes the humans, then the humans itself.

I don't think that's naive because I have this little joke. An AI threatens the world? Well, let's pull the plug! We have it in hand, and everything one can call, in fact, an AI is still very far away. All these little gadgets might be very funny, but they are in no means an AI!

They discussed all the AI in my youth, that will pop up very soon, and will revolutionize our living. Well, I still cannot see this AI. It will be interesting to see, whether in my lifetime anything will be created that one could name, in fact, an AI. Or, to say it differently, I see many problems, by far more severe, about that one should talk. Climate change, of course, but also how to fight against all those who endanger our democracies. If the world becomes destroyed, then most likely not by an

AI, but by climate change and insane figures like the swine from N.Y., DeSantis, communists, fascists.....

P.S.: And what if I'm wrong? Could we call it then bad luck?

Monday 05/29/2023 – 10:31 PM

Uganda – what's to say about Uganda? It's a very Christian nation, they live Christian values. The Pope will like it, like his cardinals like young boys.

Sunday 05/28/2023 – 1:44 AM

Are Humans Dumb? – well, really? You really have to ask this question? No living creature is that destructive like the humans, especially to its kind. Would I be one of these humans, I would be disgusted by it. Fortunately I'm not!

Friday 05/26/2023 – 1:27 AM

A Meaningful Life? – more and more, I have the feeling that the answer can only be: Enjoying the world that surrounds you. Yes, also in the way to try to understand this world, to explore it, but not to exploit it. A flower or a star, this sight cannot be expressed in money, nothing can be more valuable than such a sight. A balanced life with not much, but of course, some.

Sitting at the beach, looking at the waves, drinking a tea or a coffee, listening to the surrounding sounds. Enjoying the taste of a fruit or a vegetable. I hope that I will reach this aim.

Tuesday 05/23/2023 – 9:38 PM

War In Russia – there's more and more a war in Russia? Pretty fine! It's good for the Russian war hunger to get a feeling how it is, to become attacked, to get killed. I hope that the British rockets will enable them to attack Crimea in a better and severe way, maybe even destroying the fucking bridge finally. That would be very fine for the Russian spirit, to behave like human swines! We should not forget all the Russian wars, before they attacked Ukraine. Even if those wars did not interest us very much.

Tuesday 05/23/2023 – 9:26 PM

Jeff What CNN? – really CNN, nothing else in the world happens that would be worth getting reported? What the fuck it should interest me what Jeff Whosoever is doing privately? Sorry? Oh, I see, he's an American billionaire, and CNN likes it always to be nice to American billionaires, Harry and Meghan, as well as the – do not use contraceptives – pope! Well, one could thematize why Jeff is a billionaire, the fucking working conditions he provides his workers. But hey, that would be communism, to criticize such a wonderful capitalist.

Monday 05/22/2023 – 10:19 PM

Fighting In Russia? – well, they have already attacked Russian airports and warplanes there, and it

was good so! The Russians invaded Ukraine, the Ukrainians have every right to fight back. Why should they wait, for instance, that war material and soldiers reach the Ukrainian border? Why should they accept that Russian warplanes start from Russian airports? Why should they accept attacks from Russian warships? As long as they attack military aims, everything is okay, even if civilians can die during such attacks. The Russians bully the Ukrainians, they are entitled to put the bully in his place.

Saturday 05/20/2023 – 11:22 PM

Bakhmut fallen? – if yes, it would be a sad moment. On the other hand, they would have needed more than seven months to do so, to conquer one Ukrainian city. Give the Ukrainians now all the fucking armory that they need to defeat the Russian aggressors. It becomes fucking to see the Ukrainians dying because we act like little pussies. Would the Ukrainians behave like we behave, then they would have lost their nation, and our European security, right from the beginning on.

Friday 05/19/2023 – 1:49 AM

Senator Dianne Feinstein – when it's time to leave? I would say, before you become a burden for others. Senator Dianne Feinstein, a woman who achieved groundbreaking, not only once. I would wish to see her as an elder stateswoman, why not as a CNN expert? Like a sportsman of a century, who after ending his unbelievable career thinks, I have to become a golf pro now. Maybe someone can convince her that what's left is, after this groundbreaking political career, to step back in dignity.

Wednesday 05/17/2023 – 10:54 PM

Abortion – well, said it already before, in an ideal world I would see no reason for an abortion, except the woman's life itself would be in danger. But we do not live in an ideal world, and one reason therefore is the behavior of misanthropes like the conservative fascist religious fundamentalists, the pro-suppressing of women movement. They act like the Taliban, if they could, they would no longer allow girls to go to school in the United States as well, at least if they wouldn't be wealthy enough. But, what I do not understand is, where's the outcry of the women? The women's movement in England, or France and Germany, for instance? They marched in quite numbers, they raised their voices, why not in the United States? They struck, in factories and families, they did it and indicted themselves, as it was illegal in Europe! Sorry, but I do not see such a fight in the United States.

Tuesday 05/16/2023 – 10:18 PM

The Ideological Insanity – if the humans cannot overcome ideologies, and religions are a kind of ideology, they will fail. Florida is a very telling example, one have not to talk about ISIS or the Taliban, what ideologies do to the people. Some think they have the right to tell all the others what they have to do, like in former times the ruler (king, monarch.....) told his subjects what faith they have to accept.

The USA could be interesting. Accept that the Amish do not use cars but carriages, as long as they wanna live that way, why this should disturb me? I'm not gay, and have to confess that it's difficult for me to imagine having sex with a man, but if others wanna do so?

And of course, as always, where are the limits? That you not allow a woman an abortion after got raped, like in arch-catholic countries to find, and the dream of radical religious groups in the USA?

I sometimes simply see no way out of this mess, even in my wildest dreams, even after having written a utopia, a turnaround after nearly the whole human population got erased, erased by the human doing. No, sometimes I just don't see a practicable way anymore.

Monday 05/15/2023 – 11:13 PM

Floridian Madness – who will become the GOP candidate? Shall we hope DeSantis, and that enough Americans realize the Floridian Madness and Floridian Insanity, as well as the Floridian Disgracefulness, if a ruthless religious fundamentalist swine like DeSantis is in power? Or his mentor from N.Y.? Hoping that, while he is running for office, the courts could do the job the American people can potentially not? Either way, it will be very dangerous. I would say, the United States is on its way to decay – did I call the United States once a "microcosm of the world"? That we're not much better than the United States, the United States only franker?

Assumed I would be a Ukrainian soldier in a trench, in combat, should I try to understand the Russian soldier, or simply try to kill him? I fear that it would be no good during the battle to ponder about the motivation of the Russian soldier who is attempting to kill me right now.

Saturday 05/13/2023 – 1:24 AM

Counteroffensive – has it start? Yeah, seems so, and many will die. It would be perfect would Ukraine now capable of reaching all Russian occupied regions, thanks to the Brits, as it seems. One could be happy, but I feel sad, Russia will hopefully collapse at a certain point like Germany did. It would be the best for the Russian people. And Russia would need its Nuremberg Trials, would be also good for China to see it. Only stupid wishes? Fuck, give the Ukrainians finally what they need to defeat the Russians, also long-range missiles and fighter jets. They die for us, but maybe we should do everything that the dying will end as soon as possible. Thanks to the Brits, fuck the Germans!

Friday 05/12/2023 – 1:03 AM

Seriously, CNN? – how naive you all are, if it's allowed to ask? Giving a racist, an anti-democrat, a woman-hater, a greedy swine.....a stage? This was worse than I thought, I would laugh about you all, would I be him. Seriously, you think that such a "TV show" will help to thwart a second term? Really? If this continues, then we can only hope that Joe will have a perfect day again, on election day. This America could be otherwise history very soon. Wasn't there this story about this Weimar Republic? It was also the (left) media that failed.

Wednesday 05/10/2023 – 9:32 PM

Let's Listen To The Predator – yeah, the victim got the morning show, the swine gets the prime time, that's how it functions! It's only sad that it will be no right-wing news channel which give the swine this stage, or maybe I have to rethink some? Whatever, I will sleep at that time, and tomorrow we will see how damaging this stunt was for the American democracy.

Tuesday 05/09/2023 – 10:37 PM

Verdict – okay, a first step, and be not interested in what his "base" thinks. It will be important what

moderate conservatives and independents feel. And, CNN, still a town hall? Could become interesting, but wouldn't it be better to show some backbone and say: This convicted sexual abuser will get no airtime on our TV station. Sorry, CNN, I'm a fool. Like we would talk about acting morally, and would not being only interested in fucking ratings and fucking money.

Tuesday 05/09/2023 – 5:28 PM

Syria Back Home? — well, in the light of the fact that the "Western Nations" were unable to manage anything in this region, only able to make things worse? Okay, maybe too harsh, but only to mention Kushner, and his funny "initiative"? Obama's acting in Syria? It was not much better, I would say. The Europeans, especially the Europeans, cannot stand strong behind Ukraine, even if a Ukrainian defeat would affect whole Europe extremely. And the USA? Ask again after the next presidential elections.

No, why wait until these "Democratic Nations" will get the clue, since decades they have been searching and on the way they are constantly betraying their "partners", like the Kurds, for not only one time. We should accept the fact that "we" are no longer the rulers of the world, the colonial period is long gone, we should become somewhat more realistic.

Monday 05/08/2023 – 10:16 PM

Have I Forgotten Something Today? — oh, yes, let us pray that the Almighty God will bestow us with more weapons, so we can fight evil! One of the first I have written dealt with Sandy Hook, it's so disgusting.

Monday 05/08/2023 – 11:22 AM

Let Me Be Your King – seeing Charles, and Camilla, coronated, on the balcony? This lets me vomit! We do not need any longer any fucking Kings and Queens, we have become adults, no longer needing royal babysitters. This is a fucking freak show.

Monday 05/08/2023 – 11:15 AM

May the Eighth – a day to celebrate, this German "Schicksalstag", one of these – somewhat diffuse – German fateful days? What would be to celebrate? That we Germans elected Hitler in a free and fair election? That others have done our job? The Ukrainians we tell, you have to do the job on your own, we assist you, but the dirty work is yours, the dying. No, in no case a day to celebrate, not for the Germans. A day to be humbly and ashamed, a day to keep your mouth closed.

Friday 05/05/2023 – 12:27 AM

Scared About AI? – well, for me, it's the same story as climate change. The previous generations, including mine, have screwed it, the younger generations will have to pay for. Seven years, and then maybe some more in addition – I see really not motivation to wish to be young again. Quite on the contrary, I would enjoy it to be somewhat older, even if therewith nearer to death.

Wednesday 05/03/2023 – 9:35 PM

Kremlin Under Attack? - let's assume that it would have been an attack by the Ukrainians, how embarrassing that would be for Russia! On the other side, if it was a false flag operation, does this show then how desperate the Russians are? Whatever, seeing the video appears to be surrealistic, like watching a fucking stupid Hollywood movie.

Tuesday 05/02/2023 – 4:16 PM

CNN Town Hall – really? Well, if CNN has a stable for the Floridian swine, then CNN is maybe a pigpen? Or infinitely dumb? This "experiment" with Jörg Haider failed in Germany totally, he made the journalists look like school boys, three of our "top journalists" of that time. But okay, could be that CNN is better? We will see. If yes, okay, if not, then it will be a massive disaster for the American democracy. But as Fox always said: It's all about ratings and the money. I am starting to doubt whether I should continue to watch CNN daily.

Monday 05/01/2023 – 11:06 PM

A German Author? – is there something I have to talk about? A narcissistic asshole everybody talks about currently? One of this toxic male wanker who generates attention by presenting himself as the victim, as such suckers all the time do? But hey, we always like such douchebags – hey, he once stayed in this famous L.A. hotel! I only stood on Sunset Strip and looked at it – what a loser I am! But, hopefully, I do not act like such as male swine and make my money with it.

Monday 05/01/2023 – 9:31 PM

Counteroffensive – increasing attacks on supply lines and Crimea? Especially Crimea would be good, the bridge is still damaged! I hope that there are many activities from the West to support Ukraine, which they do not make public, but which happen in fact. Especially Crimea, this would be the cooler for the Russians, if Crimea becomes a really dangerous place for Russians. Not necessarily recaptured by the Ukrainians, but at stake for the Russians. And still important, Crimea was Ukrainian soil, Crimea will be Ukrainian controlled soil after the war again. Everything else would be like giving Hitler the Sudetenland, the rest is history!

Tuesday 04/25/2023 – 8:09 PM

Joe's Second Super Bowl - he was the winner, the first time. This time? Well, firstly, the video is excellent in my opinion, if it will be the same match again. It will not function as well with Ron DeSantis, especially not regarding conservative voters. But also with independents, I see some problems. Abortion rights, for instance? Not every American thinks that the liberal way is the right way. The fight for the soul of America - the Murdochs, Sacklers, the nuts GOP representatives?

Will have Joe Biden a chance? Firstly, it would be important to see, who from the Democrats will run also. And, of course, who the conservative candidate will be. As a lousy prophet, I would say: Biden versus the Orange Monkey? Biden wins even more precisely as in 2020. Biden versus DeSantis? Well, that would be a much harder way for Biden. Someone else versus DeSantis? It would have to be someone like Hakeem Jeffries. Young and charismatic, and in any case a superb speaker.

For the moment, I would say, too many variables. But, if Biden, then all hand on deck for him, and an excellent vice president at his side. The next election is at least as important as the one of 2020.

The GOP has to see, that this radicalizing of the American society pays nothing in the end. Everything else would be the death sentence for the American Democracy, like Putin's win in Ukraine would be for Democracy world-wide.

Monday 04/24/2023 – 10:01 PM

Carlson And Lemon – what happens in the US? Okay, Carlson, this dumb wanker, but Lemon? A misogynist? What was with his buddy from the older days? I liked Don Lemon's comments, excellent analysis. I do not know, it's the United States, where six-year-old pupils shoot their teachers, but his comment on Nikki Haley was shit. Criticize her because of her fucking opinions, but her age doesn't matter – how old is your president?

A moment I cheered, could this be the beginning of the end for Fox? Then I was confused, Don Lemon? I have missed his comment two months ago, really a misogynist? A strange US media day in any way.

Friday 04/21/2023 – 01:07 AM

Biden Again? – next week it will be official? Well, have to confess, I have underestimated the old man. But,.....a second term? I'm torn, I have a stomach-ache, I have a bad feeling. A risk? Would be another, younger, candidate a bigger risk? No easy decision!

Friday 04/21/2023 – 01:02 AM

Stoltenberg – yes, Ukraine has to become a NATO member. Fuck the Russian threats, fuck the Russians!

Wednesday 04/19/2023 – 12:16 PM

Settlement!!!! - what a fuck is this! And Fox even has not to apologize? This is an assault on the American democracy! Would I be one of the swines in Florida, I would smile devilishly. The second, still pending, trial? Well, it's the USA, it's all about the money! Okay, the company was from Canada if I'm not wrong? This could have been the trial of the century, what a disappointing shit this all is!

Tuesday 04/18/2023 – 7:32 PM

To Breathe Again – gosh, the trial will happen. I feared yesterday, that Murdoch will be able to thwart this so important trial at the last moment. It will be so significant to see the outcome of this trial, the judgement will tell a much about the American future. As well as the pending Supreme Court judgement. Interesting days and weeks ahead.

Monday 04/17/2023 – 7:02 PM

Assault – if there will be a settlement out of court, then this will be an assault on the American democracy. This trial has to happen, anything else would be a disaster. It has to be that all these Fox News liars have to testify, especially the prime liar Murdoch. He has no scruples destroying a nation

to get the benefit from it. This trial has to happen!

Friday 04/14/2023 – 1:57 PM

Fox News Trial - it's good to hear it, especially that the judge seems to be resolute. It's the time now, to drag this Fox-News-mire into the worldwide public eye. I hope for cameras in the courtroom, is there a decision? The world has a right to see these people on the witness stand, to hear what they have to say to defend their lying.

Wednesday 04/12/2023 – 10:14 PM

Tennessee – both back, nice for them who voted them out. But will this be enough to stop the Republican madness and open this the way for better gun laws? I'm somewhat skeptic.

Wednesday 04/12/2023 – 10:02 PM

The Deadly United States Of America – the next mass shooting after the last mass shooting before the next mass shooting. But is the United States in fact that deadly? Okay, apart from all, it depends on in which part of the nation you are – simply, big city or urban region. The United States has roughly the same size and population of Europe. So, you have to compare the US with Europe. So, is the US deadlier than Europe? The simple answer: Yes!

But, I would say that most Europeans are overestimating the difference. Entire Europe (without Russia) is not much better than the US. Around 3.0 per 100,000 inhabitants in Europe, around 5.0 in the USA. Better, but not that extreme. And, also in Europe, you can find cities with very high homicide rates, in Great Britain and France, for instance!

Very high homicide rates have several countries in South America and Africa for instance.

Saturday 04/08/2023 – 12:46 AM

What Happened To The Florida Wanker? – I'm not talking about DeSantis, maybe I have to stress this. But no live pictures anymore, what did he over the day? Hey, two young African American politicians more important suddenly? Could it be, that it would be better for CNN, and other news media, to concentrate on the really essential issues? The corruption of a Supreme Court judge would be another example. These are the real issues, and of course, the other, the real dangerous, wanker from Florida. On the other hand, it seems, that even he is a moderate Republican nowadays? Texas judge, why can a federal judge suspend a nationwide law? Yeah, this nation has other problems than the "man" from New York.

Friday 04/07/2023 – 2:08 AM

Tennessee Pride – two nigger boys have to leave, in Tennessee they still know what the natural order is. There's a nigger with dirty feet running down the street, is this a movie from the 50s? Wow, while the world is watching!

Friday 04/07/2023 – 12:31 AM

White Woman, Black Man – she's allowed to stay, he has to leave. It would be only of bad taste, would one has to assume that the United States, and in this case Tennessee, would be racist.

Friday 04/07/2023 – 12:08 AM

Tennessee – would you expel MTG? Come on, you give a shit on dead nine-year-olds, this GOP is so rotten and disgusting, everybody with at least some remaining moral values has to puke!

Friday 04/07/2023 – 12:03 AM

Jack, do it again – that's what we all call de-escalation, Israel! That's the rule when you have extreme right-wingers in your government. They only know destruction and escalation, they cannot compromise and being creative. Funny, it's not relevant whether they are Israelis or Germans, Jews or Muslims, whites or blacks. Hate and greed are universal.

Wednesday 04/05/2023 – 5:38 PM

Explosion – they are killing themselves? If yes, fine, very fine! Go on with it, there's a swine in the Kremlin waiting for its butcher.

Wednesday 04/05/2023 – 5:30 PM

Israel – why not storming the Vatican, or the Dome of the Rock? The Cologne Cathedral would be nice also, or what about the Capitol in Washington? Was there something with the Supreme Court? This is an ugly side of Israel.

Tuesday 04/04/2023 – 10:46 PM

Press Conference – well, I do not feel better. And, the next step in December? This all sounds very crazy to me, aren't there other possible indictments? Well, I have an awful feeling about this, I had hoped for much more. Why waiting until December? No tax fraud, or something like that? Money for a porn star, the man who grabs pussies? I'm confused, very confused.

Tuesday 04/04/2023 – 10:11 PM

Indictment – well, sounds not so compelling to me. Okay, I'm no judicial expert, especially, it's the USA, but this all sounds very pieced together to me, can this function? Sure, I would be happy to see him behind bars, but assumed that he will win this trial? Then I fear that I have to rewrite a lot, then he will become the presidential candidate of the Republicans – goodbye, Ron! Let's see what the press conference will yield.

Tuesday 04/04/2023 – 3:06 PM

Finland – good, show Putin the finger, now he has a very fine border with NATO! And Sweden? Thanks to wannabe dictator Erdoğan, this is delayed! But as Finland shares a border with Russia,

was this the more important step. Okay, Finland is in, let Sweden follow fast.

Tuesday 04/04/2023 – 1:24 PM

Lindner – yeah, of course, no money left for children of low-income families, you pathetic asshole! As long as you can drive your 911 with combustion engine as fast as possible on the German freeways without speed limit? That's what the FDP feels as freedom, everything is fine then, and do not forget to phone Mitt "I'm Not Interested In The Poor" Romney. The SPD? The last time was the last time you got my vote, sucking Lindner's and Wissing's cocks. And the Green Party? Sure, that's the best to continue with this coalition? Let's hope that the FDP will get no five percent the next time, this is the worst clientele politics, this party is outdated.

Monday 04/03/2023 – 7:13 PM

That's The News! – Thanks, CNN! Thanks, for informing us about every detail! Was the former president one more time at the restroom before he entered the motorcade, or will he prefer shitting while on his aeroplane for the next time? Thanks, CNN, for giving us all this information, that we need so urgently! Well, this boring war in Ukraine, this climate change stupidity – inflation, who what the fuck is interested in inflation? What, the former president has farted? I think that we can see this as a confession of guilt. CNN, sometimes you're simply fucking and should self-reflect about your stupid doing! Ignore this pathetic swine, concentrate on the vital news, or the really dangerous enemy, Ron "I'm Even Worse Than The Ruthless Swine" DeSantis.

Sunday 04/02/2023 – 8:26 PM

Explosion – well, it will be interesting to see how this will play out. In any case, a warmonger less? Yeah, it appears that the war could enter Russia in fact. But let's see what will be the news over the coming days. Who blasted Nord Stream? It sometimes needs decades to dive to the ground of events, sometimes there will be darkness forever. But, a warmonger less? No reason to be sad.

Friday 03/31/2023 – 3:33 PM

Indicted – yeah, a necessary first step, but only a first step. Move on! Hypocrite McCarthy and all the other usual bootlickers? Yes, absolutely, it's absolutely unprecedented, that such a ruthless filthy swine has ever stained the White House. Behind bars is the only right place for him, would be very nice to see him there.

Thursday 03/30/2023 – 6:10 PM

Green Party? – you're satisfied with the compromise, really? Why do we have to have always such asshole secretaries of transportation? Is this the "Zeitenwende"? I think that it is a rotten compromise, this cannot satisfy you.

Thursday 03/30/2023 – 4:01 PM

Forget Donald Duck – forget him, he's past. Prepare to fight the final enemy, prepare to fight

DeSantis. Okay, he will not be the final enemy, it's to fear, but a more dangerous monster than the last one. It's like in a manga. They defeated an enemy, a monster, a demon, only that right after a new one, even more powerful, appears. Do not waste too much time with the disgraceful duck, invest your time in preparing for the Floridian swamp monster – have I watched too many B-movies?

Wednesday 03/29/2023 – 7:10 PM

Biden – he's criticizing Netanyahu clearly? — Yeah, the old man has his stance, shall we wish him a second term? I'm still not certain, let's see how the conservative primaries will develop. In any case, respect, I have underestimated him!

Tuesday 03/28/2023 – 6:27 PM

USA – was there something, something with the weather or something with little school kids? Not serious enough to mention, nothing to change anything, in the Perfect United States of America.

Monday 03/27/2023 – 6:55 PM

Strike! – a massive strike in Germany today? Okay, Germany still not France, but.....would I like it, would I fly home today? Most likely not, I couldn't do so! Or would I like it, maybe? I have a "fractured relationship" with such strikes, it affects many people, more than the companies itself. But okay, I'm a stupid cook, we never strike, and could one imagine this? You would come to your restaurant and there would be a strike? Not really, or. It would be fucking getting no lunch or dinner today, or your hotel room wouldn't be ready for you. Isn't it interesting who in Germany strikes how often, and who never? I'm too naive for this world, why not just pay fair wages? It would be good would they strike nationwide in the United States. I fly back on Saturday.

Friday 03/24/2023 – 10:56 AM

Ukraine In Portugal – sitting in a bakery at the market hall. There are several billboards alongside the market hall, showing pictures of the war in Ukraine. I have not counted them, but I would say ten at least, two-sided. Two with texts only, cannot read them. Some images are very graphic, one with multi dead soldiers for instance, dead bodies lying in the mud, blood. I cannot imagine that these billboards would be shown in Germany, especially at one such public space like the market hall. Yes, this is also Portugal. Not the loudest in Europe, but.....

Thursday 03/23/2023 – 7:08 PM

Arresting? – sure, as if this would need any clarification! If Putin touches German ground ever again, he has to be arrested immediately. And others have to follow, including the puppet called Medvedev. What a ridiculous big-mouth this wanker is!

Wednesday 03/22/2023 – 8:30 PM

Uganda – LGBTQ+, why they fear them so much? Why the Taliban fear women? Well, it's the

weakness of these men, these impotent wankers, always the same story. Well, and they have not to be white, but old and conservative, religious. Young people and people from the left? Well, if it were that easy!

Tuesday 03/21/2023 – 9:34 PM

Republic of Moldova – no longer Russian as official language? Yeah, very nice development. This is no longer the way it functions, Mr. "Ruthless Swine" Putin. We have to support all these nations – and Ukraine has to win.

Monday 03/20/2023 – 9:12 PM

A Swiss Bank – yeah, billions for bank manager while the bank operates in the red, that's so good, even American neoliberals and arch-capitalists could learn from them. Greed for money and power, the world suffers enormously because of it.

Monday 03/20/2023 – 9:03 PM

Montenegro – they are also not interested in becoming Russian puppets. We have to support all these efforts, but all would have no meaning if Ukraine not gets totally restored. We, the democratic nations, would have a big chance now. But we would have to be consistent, and should forget capitalism for a moment.

Sunday 03/19/2023 – 6:49 PM

Prigoschin - wants 30,000 new mercenaries? Well, the others are all dead, he needs new "war material". As far as the are volunteers or criminals, I'm not sad about their dead, they have chosen their side. But if they are forced.....anyway, a ruthless swine like Prigoschin should be the next for The Hague. They could have on prison cell together – Milosevic, Babic, Praljak.....

Friday 03/17/2023 – 7:45 PM

Poland – fighter jets for Ukraine? Please, not the same drama as with the tanks. Fast acting would be necessary, Ukraine needs everything to defeat Russia. But a good development in any way.

Friday 03/17/2023 – 7:35 PM

The Hague – wow, maybe it will have no real consequences for Putin now, but it will be interesting to see, how politicians will deal with Putin, this war criminal, in the future. A good development, too late, but good.

Tuesday 03/14/2023 – 9:02 PM

Twelve And Thirteen - two girls, twelve and thirteen, are stabbing another girl, twelve, to death. Well, the United States, but it has been in Germany. No details so far, but what detail you need?

Some years ago, two boys tortured another boy in front of two girls, all underage. They nearly killed him, the girls watched it emotionless.

There's something wrong with us, very basically. Reason it with evolution, or whatever, we should do better, we could do better. I can hear the ocean's waves, but it does not really help.

Monday 03/13/2023 – 7:58 PM

Saudi Arabia / Iran – wow, what does this mean for us, the Western World, the Modern World, the Democratic World, for the World's Center? Well, there was perhaps a time when Europe – the Western World – was the center of the world, even if it's more than doubtful. But today, in any case, never ever. Yeah, Brazil is right, the Ukrainian war is a European problem. And by the way: WWI and WWII also! China, for instance, never started a worldwide war, at least not so far – Taiwan. We have to be careful, with our European and Western view on the matters of the world.

If they are clever enough, in a hundred years, maybe even much faster, Africa could be the prime global player, together with China. Russia is destroying itself currently, Europe and the Western world is dying in self-complacency. South America possibly, some nations, Japan dead for a longer time now, other Asian nations? The global map of political and economic power will change much in the upcoming decades, it seems obvious to me.

Sunday 03/12/2023 – 10:15 PM

Silicon Valley Bank – well, what a triple: Silicon Valley – Bank – Bankrupt. No one could say it better!

Sunday 03/12/2023 – 10:04 PM

Change The World – who changed the world? Good question, difficult to answer. Change the world, Hitler changed the world, Putin is changing the world, but of course, that was not meant. Change in what a direction, shouldn't you have a real idea about the world as such first, before asking such a question? But to have a distinct idea about something that complex like the world as such? Understanding a chaotic system? Don't know.

Sunday 03/12/2023 – 9:58 PM

Oscar Night - fuck the Oscars, who's interested in that shit? Will Russia win, or Donald Duck in 2024? But be nice, what female actor will wear the hottest dress, maybe that shall be the most important question for now.

Friday 03/10/2023 – 6:40 PM

Israel – concentration camps and gas chambers, they are not enough to convince you, that democracy has to be the aim? You could ask this question a German, but present history shows, that this question is a question for the nation of Israel today. That's sad, but maybe very telling. Toxic males, Netanyahu is no exception, are the prime burden of the world.

Tuesday 03/07/2023 – 7:53 PM

Signs Of Decay? – Wagner, could it be? Wow, that would be fantastic, that would be great! Bakhmut, Bakhmut for the Russians like Stalingrad for the Germans, only in a different way? Don't be too optimistic, but keep some hope.

Tuesday 03/07/2023 – 6:13 PM

Bakhmut – is it worth it? Only the Ukrainians can give you an answer, and they say yes.

Monday 03/06/2023 – 8:52 PM

Putin – do we understand the relation between Russia and Ukraine? The historical contexts? Really? Come on, we Germans always know everything better than everyone else, that's the German way. Ask the slaveholder or the slave, wouldn't it be better to ask the Ukrainians?

Sunday 03/05/2023 – 7:15 PM

GOP – well, the primaries will become very interesting. Let's hope that DeSantis will join soon, this would become a very cool show then - Bitch Donald vs. Bitch Ron, accompanied by some other.....candidates. If it would not be about the future of the American democracy, it could not become ugly enough. Let's hope that the Dems can behave differently – the Dems? Do not begin this story now.....

Saturday 03/04/2023 – 8:49 PM

Refugee – You don't have to live like a refugee; Refugee; Tom Petty. Well, it's not that easy at all, especially living in Syria, in Idlib, then you're nothing worth. Not for Assad of course, not for Russia of course, not for Turkey of course, but not for the "Western World" as well. Well, a brutal civil war and now an earthquake? Nice for Assad and the Russians, good for their plans—and the people there? We all shit on them, at least as long as they are not "sassy" enough to seek for asylum in Europe. That's how the world functions—what did Elon or Kim have for breakfast today? You have to have priorities!

Wednesday 03/01/2023 – 6:17 PM

The German Discussion – yeah, the German Angst, and now the German Discussion. Would I be a Ukrainian then I would have to puke. They are dying a meaningless death in Bakhmut, Ukraine should withdraw, leave the city. We have to satisfy Putin, we have to offer him something, some parts of Ukraine. "We" are of course the Germans, we suffer so much because of this war, we treated Putin not nicely enough. The Ukrainians try to survive, not want to live as Putin's slaves, if he would not simply kill them all. Putin is a ruthless swine like our Good Old Adolf, human lives have no significance, except the own. I never felt that dirty as a German as right now.

Tuesday 02/28/2023 – 8:07 PM

Wissing – what an FDP wanker! Now, now he threatens with a veto? This FDP is total shit, they have only one topic left, do not take my Porsche away! This is a liberal policy? This is shit!

Tuesday 02/28/2023 – 7:02 PM

Sahra W. – is it becoming common sense that she's a fucking democracy hater? She's not interested in peace, she's interested in destroying, not one constructive proposal, only destructive chatter. She's a communist, that's saying it all. The fucking far-right and the fucking far-left, they are both the same shit, both have killed countless millions of innocent people, both are ruthless mass-murderers.

Tuesday 02/28/2023 – 6:56 PM

Alice S. – once you were a leading feminist in Germany, today it would be a perversion of the word "feminist" to call you so. Ukrainian women get raped and killed by Russians in the from Russia occupied Ukraine regions, but hey, we need peace talks, and Putin is the victim. You name a member of the "heute-show" (the German version of the Daily Show and not daily) a rat – very fine made, former feminist! People are getting sometimes very crazy when getting old – of course, never I!

Sunday 02/26/2023 – 7:16 PM

For Whom The World Should Be? — yes, that's a good question. And the answer? In theory or reality, from a selfish and ruthless human swine or a philanthropist? We cannot agree on fundamental questions, not even what a human life is worth. For some, not much, like Putin or Xi, of course, other than their own lives. For some, it's the highest value as such. Such a world cannot function, not for all. Yeah, Talkin' Bout a Revolution, I even cannot hear the whisper, I even cannot see any table starting to turn in fact.

Saturday 02/25/2023 – 8:15 PM

Ukraine – all that chatter, support them with what they need. Fighter jets maybe not so vital, but enough tanks, ammunition. Of course, long-range missiles would be good to attack Crimea, what about attack helicopters, if they can fly them?

Yeah, it's a European conflict, the Europeans should have to solve it, it's deplorable how Europe acts. Time is on the Russian side, Europe should act bold and unmistakable. And forget this Chinese "peace initiative", this silly farce.

Wednesday 02/22/2023 – 7:19 PM

Is Israel The Evil? — well, especially as a German, it's not: Are Jews The Evil? Can I understand the threat you have to bear as an Israeli, to know that some of your neighboring countries would like it to see that your nation would become extinguished? But don't we see thousands of Israelis on the streets, marching and chanting that Israel turns into a dictatorship? Yeah, the world isn't easy, how easy the universe with its stars and galaxies in it appears on the other hand?

Monday 02/20/2023 – 5:25 PM

Old Man Strong – yeah, you have to say it, even having some background information, informing the Kremlin, that this wasn't the deed of a coward. The lousy cowards are sitting in Florida and on the right side of the aisle – respect, Old Man.

Sunday 02/19/2023 – 5:13 PM

Vice President – nice to speak it out, to hear it from a person like you. But, there have to be consequences. Not today, maybe even not tomorrow, but in any case, the day after tomorrow.

Sunday 02/19/2023 – 4:37 PM

Railway – hesitated to mention it because.....what to say? Maybe: Noam Chomsky, Profit Over People, published in 1999. That should be enough.

Saturday 02/18/2023 – 7:28 PM

Munich – nice to see one of my former workplaces in TV. Condoleezza Rice and Joschka Fischer attended the conference the year I worked there. And Ukraine? Too late, too little, too much hesitation. And, only one result will be acceptable, total restoration of Ukraine, total defeat of Russia. And, it would also be a clear signal for China.

Friday 02/17/2023 – 8:17 PM

Conservatism Equals The Evil? — sometimes I have the feeling, that there's, in fact, this fight on Earth, The Good vs. The Evil. And, that, without any doubts, "The Evil" is a synonym for "Conservatism". But, and now it starts to get difficult, also on the left there's evil, called "Communism". The US may has it's bad aspects, but in China, it's definitely very much more difficult to find any good aspects. We have not to ponder regarding politics for one second. Next to Xi, figures like DeSantis or the Orange Monkey look like school boys. China is a horrible nation of spying their own people in a way, that even Orwell would not believe it. The white wealthy class in the US is fucking, but tame compared to what is the reality in China. The US has until today problems with those who are the only real "Americans", or the "former slaves". But what happens in China today, not only regarding the Uyghurs, has no counterpart in today's USA ("today" I have to stress!). So, is conservatism "The Evil"? Well, it seems too simple, is it simply greed for money and the lust for power, no matter if left or right? Have we to talk about Darwinism now? Should we begin to become real Homo sapiens, no longer behaving like apes, chimpanzees?

Wednesday 02/15/2023 – 7:26 PM

Nikki For President – the Nikki Show, so American! The White Woman who will rescue America, many older white folks behind her. Oh, see, in the lower-left corner, some who looking like having roots in.....India? Is there really a black face? Well, the GOP has one African American senator, would fit. And gosh, she will terminate China – Arnold could help you? Well, presently, I would bet my money on China. Too many too big words, from the White Woman. But as said, it was an American show. And, coming from a nigger-slave-state, it's nice to hear that the US is no racist nation. It's charming to say this as the slaveholder's wife, dreaming about black cocks. But, let's be

positive. The Orange Monkey, Nikki, and DeSantis so far, could become very entertaining primaries, if it all weren't that threatening.

Sunday 02/12/2023 – 6:18 PM

Crowded Sky Over The US – wow, the third shoot-down in a row? If this behavior continues, we will see no longer any UFOs over the US. It will be interesting to see, what the military will make public about the details of these three objects. Especially the last one, the small one, seems very fascinating to me. Man in Black, this tiny spaceship with aliens? Who knows, could it be that the US has started an interplanetary war right now? I need a Twitter and TikTok account, I have to share my insights with the rest of the world. Thank God that the Americans do not spy, Angela's cell phone was never endangered, the Americans are the good ones, especially those in Central and South America know this. All in all, this story sounds a bit crude to me, but the American Intelligence will give us, in any case, a good explanation for all this. Like they have shown us Saddam's weapons of mass destruction.

Saturday 02/11/2023 – 5:53 PM

No Surprise – many houses collapsed because of a violation of the building regulations. But, hey, that's how it functions, corruption and defraudation. And, be honest, who cares about some such dead people, living in those areas? We aren't even really devastated about some dying Ukrainians, or even the Russians dying there. Give them some weapons, but not too much, it's them dying. We are neglecting it with a shrug, for five minutes we're touched sitting in front of the TV, maybe even donating some money. It's so sad.

Friday 02/10/2023 – 7:55 PM

Economic System – well, have we still to doubt on, that our economic system will fail, or is it simply the plain truth? Or better, it has already failed? But what would be an alternative? I should better mention that with "our" I also mean Russia or China, all "modern" societies. So, what would be the alternative?

Cortez The Killer, Neil Young, this naive lyric will help definitely not. Sure, Cortez was a bloody killer, but "with their bare hands"? We white guys searched for paradise everywhere, the Caribbean or Hawaii for instance, but maybe we whites guys have been the problem? And all these "native people", no classless societies, no peace-loving societies without conflicts and wars, no elysian societies and people.

Could it be, that we humans are simply incapable of living together in a helping and peaceful way, without greed and narcissistic egoism?

Tuesday 02/08/2023 – 6:55 PM

Zelensky - whatever will be, he will become a part of history, the right side of history – very good speech, Mr. President! And the UK? Well, Ukraine has to win, we talk about airplanes, we start to train pilots, nothing is off the table..... – gosh, Olaf, can you hear this! Yeah, Ukraine has to win, get back total territorial sovereignty. Putin has to die, or to spend the rest of his life behind bars. We would have to be bold, not following the German Angst.

Monday 02/06/2023 – 6:40 PM

Earthquake – yeah, a devastating earthquake at the Turkish-Syrian border. My thoughts? Well, Earth will always be able to kick the humans in the ass. We cannot fight Earth. But Turkey fights the Kurds in Syria, and Syrians fight Syrians, and a horrible famine in Syria, and a little fuehrer rules Turkey, and.....and imagine that we wouldn't do all that shit and simply helping each other? Sure, very naive because talking about humans, fucking humans, but it could be so different. There will be a time, when Earth still exists, but no signs of human life anymore.

Sunday 02/05/2023 – 6:51 PM

Stronger And Stronger – the Russian army gets stronger and stronger in Ukraine, and we have all the time in the world. Marina Weisband made serious allegations against Germany, Europe, and the USA in German TV. That they would only support Ukraine to that extent not to lose the war, but not to be able to win it either. A strategy to bleed Russia dry, by scarifying Ukrainian lives. Of course, especially Kevin Kühnert had no interest in to react to her accusations. I had the feeling that her arguments done not sound that wrong.....

In any case, without any doubts, we could do more. If Ukraine does not win this war totally, we will have burdened ourselves with guilt. And in any case, the Ukrainians will have every right to ask, how much Ukrainians could still be alive, would we have acted braver?

Srebrenica, we watched them doing it, with open eyes, and did nothing. How many Srebrenicas we still need in Ukraine?

Saturday 02/04/2023 – 9:28 PM

Balloon Down – well, right as I prepared my upload, they shot down the balloon. It will be interesting now to see what technology they will find. And, the president decided this right on Wednesday, was that so difficult?

What would be a bigger surprise? That it was no spying balloon, as the Chinese have said? That the Chinese are such crazy to use such large and slow balloons to spy the US, and maybe South America as well? Both alternatives would be crazy in a way, like saying that Iraq has mass destruction weapons, and later not finding any. I'm curious about what information we will get about the balloon during the next days.

Saturday 02/04/2023 – 4:57 PM

Balloon – a Chinese spy balloon over the US, how fucking is that! Good that the US is not spying, especially not in Europe and especially not spying out European countries. They do? Are you convinced? But this would mean that.....no, the US not acts like the fucking communist Chinese, they are the good ones, the shiny beacon that enlightens the dark world. Why not simply waiting until the balloon is over sea and then shooting it down? The US military was not able so far to make detailed images of the balloon? A recon mission? What a silly farce is that!

Friday 02/03/2023 – 8:03 PM

Transformation – will the world be capable to transform in such a manner, as to shape a future worthy to live for all the people? Even the question appears to be silly!

Russia wages a brutal and bloody war in Ukraine, China ponders about invading Taiwan, radicals

from left and right try to destroy democracies, authoritarian states are on the winning side at the moment. If no wonder happens, the one point five degree goal is dead, sustainable economy is a term only good as a joke.

We would need profound change, we would have to change our economic ideas profoundly. But hey, have we humans ever been able to change our behavior in a meaningful manner? Chimpanzees wage war, why not we either? Bonobos?

Tuesday 01/31/2023 – 5:09 PM

Sixty-Four – yeah, France sees massive protests because of the plan to raise the pensionable age from sixty-two to sixty-four. Well, it was already sixty-five in Germany, until it got raised to sixty-seven some years ago. And, also massive protests in Germany? Come on, we're Germans, we moan and accept it! It's so hilarious, one could nearly start to laugh.

P.S.: A little fun fact. There are already discussions to raise the pensionable age to seventy.....

Monday 01/30/2023 – 5:25 PM

Blinken In Jerusalem – how is it, to be with this Orange Monkey clone? Voting down the Supreme Court, what a funny idea, how democratic. And of course, The Clone wants only the best for the Palestinians. What have Palestinians and Israelis in common? Pathetic criminals as rulers, and Netanyahu is even a moderate in this government! There will, with this "politicians", never be a serious peace process.

Saturday 01/28/2023 – 5:43 PM

Thirteen – thirteen and killing people, in the name of.....what, whom? Both sides are acting fucking, on both sides ruthless swines not interested in human lives. It would need rational people on both sides, no criminals. It's sad, so sad.

Saturday 01/28/2023 – 4:57 PM

Five Black Police Officers – beating a nigger to death? Wow, would I be a white racist, means, more racist as we whites simply are as such, I would enjoy the video while eating chips. Have written already about the stupid "training" for police officers in the US, in Germany we have apprenticeships, normally three years, to give workers a better basis. Yeah, the next time in L.A., walking through Westlake at night, or even Skid Row, all will be okay as long as I see no police officer.

Friday 01/27/2023 – 5:05 PM

Fed Up – I'm fed up with it. If the USA is unable to even the slightest reform, then fuck you up! I lose the lust to be up for the US. Okay, I'm no nigger, but I'm not interested in to get shot dead by a police officer in a mall, or, by a nuts young white man because in his line of fire. Why are Portuguese people not such mad people like the American people? It all is so sad.....

Wednesday 01/25/2023 – 7:22 PM

Leopard 2 For Ukraine – gosh, why always this constant bitching, weeks long, until the obvious next step can be done. What a fucking idea of leadership is this shit, Olaf? Sorry, I thought that every day Ukrainians – and Russians – are dying in this fucking bloody, by Russia caused, war? Or maybe.....is this not such important? It's embarrassing. Thanks the USA, that they still rescue Europe and Germany.

Tuesday 01/24/2023 – 5:29 PM

Hey, The Next Mass Shooting! – three now in California, that whets my appetite for another stay in the USA, California. This is such a fucking sick nation, and the nation could have such a fantastic and fascinating prospect.

Tuesday 01/24/2023 – 5:12 PM

Emissions Trading – very fine done, EU! Still no regulations for superyachts and private jets, it would be too bad to hold millionaires, and especially billionaires, liable for thousands upon thousands of tons of CO2. But I have to be ashamed, flying to Portugal? Fuck you EU!

Monday 01/23/2023 – 6:10 PM

Getting Impatient – Poland and other countries are on their way to form a coalition, to send combat tanks without German permission. Wow, Olaf, that's real leadership! You're doing everything to let Germany look great. I do not think, if you consider a rerun, to elect you again. What a shame!

Sunday 01/22/2023 – 1:56 PM

Come On, Biden - not more documents, what are you doing in the US? Is this normal for presidents and vice presidents to have classified documents at home after no longer being in office? What about a raid at the Obamas? Blockhead Busch? Wow, the Clintons could become cool! I never had sex with these documents, it have been the Russians. Come on Joe, no second term, clear the way for your successor.

Saturday 01/21/2023 – 7:45 PM

Florida Rules – DeSantis knows it, niggers don't have a history, slaves have no history, they are no real human beings in fact. Apes have no history, cows have no history, cockroaches have no history, bacteria have no history, viruses have no history. The proud white man has a history, the history of economic power and true culture. God knows it, God is with us, God is an old white man with a long white beard. God is with us, the Old White Man is with us.

Friday 01/20/2023 – 8:10 PM

Haggling – it's unbelievable how Germany presents itself to the world! Fuck Olaf, I have not elected you, that you let Ukrainians die every day now! We all know that Ukraine will get combat

tanks in the end! We Germans have a devastating bloody past in Ukraine, it maybe would be better if the future will not be that bloody as well!

Wednesday 01/18/2023 – 6:12 PM

Ukraine – the words from the president, urgency? He's right, no year-long war. Ukraine needs the means to attack, to defeat the Russian army as soon as possible. And they require sufficient and numerous air defense systems, not only a few. And Olaf, they require tanks, combat tanks, do you see the Ukrainian blood stains on your hands?

Tuesday 01/17/2023 – 6:14 PM

Turkey – the Erdoğan wanker still blocks Sweden and Finland from becoming NATO members. We would need politicians, not psychos. But we would need the most people, who no longer suck the cocks of those psychos, because of pure self-interest.

Tuesday 01/17/2023 – 6:05 PM

Germany, New Defense Minister – will he act luckier? Possibly more emancipated? The Germans, such perfectly organized all the time, their army a real mess, we're always the best.

Tuesday 01/17/2023 – 5:51 PM

Dnipro – the bloody face of war. Putin has learned from Hitler, but Hitler got defeated totally, committed suicide. It's to hope that Putin was an excellent student.

Monday 01/16/2023 – 6:00 PM

Tax The Rich – would be, eat the rich, better? And then, killing the rich? No, they give a shit on everything, the world would be far better off without the top one percent, but what a dove gray world would it be, without them? Like without Kanye and Kim, or Harry and Meghan, the world would be so triste. Thank God – Kanye – that they give us a reason to live, what a shit that all is.

Sunday 01/15/2023 – 8:29 PM

UK – will send combat tanks, very good! Ukrainians get already trained to use the Leopard 2 tanks? Okay, Germany? Does Olaf play a game, with whom? Or is he in fact simply not able to do the necessary steps? Well, also the US sends only Bradley tanks so far, no Abrams. I hope that we will see clear action soon, especially to show Russia that the continuation of the war will be very costly. We humans are so fucking wankers, killing ourselves, or is it only the male part of the humans? Valerie Solanas, sometimes I have the feeling that she wasn't that wrong with her ideas.

Saturday 01/14/2023 – 6:47 PM

Tyrannicide – a nice construct, like some ancient Greek ideas. But what, if it's not so simple?

Killing Putin, the swine from N.Y. Killing DeSantis in advance maybe, better Bolsonaro before he returns. Erdoğan, a good choice, and some others more. But you cannot heal cancer simply by cutting out the ulcer, that simple, it doesn't function. The human world interspersed by metastasis, a treatment could be deadly. However, no treatment will be deadly in any case, no good possibilities for selection. Better letting the patient die, giving the patient a "humane" and peaceful goodbye? Out with a bang, or fading away in sadness, the choice is yours.

I sit in the sand
Watching the waves
Cows are tender and curious beings
As long as arriving at the slaughterhouse

The day when the first living being
Ate another living being
The beginning of the carnivores
Was this the moment when the story went wrong?

Friday 01/13/2023 – 7:27 PM

Ukraine – the necessary weapons for Ukraine now! Every fucking day people are dying, on both sides! It makes no sense to give Ukraine just as many weapons that they do not lose – a permanent bloodbath is the result! Ukraine has to win, they have to get the offensive power to do so! Will we wait until every house in Ukraine is destroyed? Is this our plan? It's so fucking to see how "substantial" we support Ukraine, we outwait Ukraine.

Wednesday 01/11/2023 – 6:28 PM

Poland – Poland pressures other nations to provide Leopard 2 tanks and other combat tanks to Ukraine? Not only those funny Marder tanks, with their tiny canons? Oh Olaf, is this the German "Zeitenwende" (turning point) and the German leadership in Europe? Thanks to the Polish government, Ukraine will remember their true friends.

Wednesday 01/11/2023 – 5:48 PM

Biden – really, Joe? Are the Dems really that idiotic? It makes you weep.

Tuesday 01/10/2023 – 6:37 PM

The Evil – first USA and now Brazil, in Germany planned, Russian mass murdering, Iranian lynching, fascists ruling in Israel, what a grim joke is that, in Turkey, India, weak Afghan men fearing and suppressing women.....how insane this world can be?
They cover Brazil on CNN like it would be something totally strange – was there something in the USA not so long ago? And even in Germany, why so much hate democracy and believe in these haters? I fear suddenly that my dystopia could get too tame, that a new dark age rises. Maybe not, but already that it's not to exclude is telling enough.

Monday 01/09/2023 – 5:51 PM

Brazil - well, what should one say? The USA, the greatest nation on Earth, this shiny beacon, always a paragon for the people around the world. Why should Bolsonaro be "weaker" than the Orange Fascist? Maybe smarter? He at least knows where his friends in the US can be found - Florida! DeSantis, Bolsonaro and the swine from N.Y. together at Mar-o-Hell - could become a good gay threesome. Seriously, I know why I started to write a dystopia, not a utopia.

Saturday 01/07/2023 – 7:40 PM

Cat Fight – wow, two GOP Karen started to fight physically in Senate? They get more and more entertaining, what about the WWE? This is such a bunch of disgraceful and disgusting mostly white men, with an addition of some, even more crazy, white women – white women and red wine? If the American democracy wouldn't be on stake, then this all would be a fantastic entertainment, so it gets more and more frightening with every day.

Saturday 01/07/2023 – 5:36 PM

Six Years – shooting down your teacher? Well, that's America. But hey, follow the NRA and arm teachers. Would she have had fire arm, then she would have had the possibility, to defend herself, to shoot the six-year-old first. Follow the NRA, the more weapons, the better. In Germany, France, the UK.....Europe, we have no weapons in the hand of ordinary people. The bloody result? Hundreds of thousands get killed by fire arms in Europe every year, without any chance to defend themselves. This is not acceptable! Only to have a look at Ukraine. Would the Russians have better weapons, the war would be over! Would the Ukrainians have better weapons, the war would be over! Or, as Zardos says: "The gun is good! The penis is evil!" This could be a good motto for the United States (Really) of America. By the way, I always loved the movie, especially Sara Kestelman I would say – or was it Sally Anne Newton? And, wasn't this about a six-year-old who has nearly killed his teacher?

Saturday 01/07/2023 – 12:52 PM

Hakeem Jeffries – his first speech as minority leader? If I did not see the Democratic presidential nominee for 2024, while watching his speech, then the Democrats are dumber than I ever thought. If Biden not will endorse him, maybe not today but very soon, or even ponders on a second run, than they are mere idiots! He presented himself as a thrilling mix of Obama and JFK, only that he was an even better orator than Obama ever. And JFK? Can you imagine seeing this man in a debate together with racist DeSantis, or even sordid Donald Duck? It will be interesting to follow him the next two years.

What a fucking badass speech this has been!

Friday 01/06/2023 – 11:08 AM

The Important News – switched on the TV after getting up, CNN, to get the latest news about the developments in the US, the speaker's farce. It was about Harry and his new book – why the fuck I should be interested in this shit? This pampered wankers who produce themselves always as the prime victims? Well, you still love your titles and the money, as well as your wife? "Given" by all those who suffered, died, and got exploded by the wonderful British – we aren't better than the

Nazis – Empire? How many starved to death in India alone? I would accept him if consistent, if giving back all his titles for instance. But he has to finance his lifestyle by its own now, no longer pampered by the British people. Next week in many US talk shows? I get sick of this privileged asshole jerks.

Friday 01/06/2023 – 11:01 AM

Weapons For Ukraine? — wow, Olaf made a deal with Biden, and handsome Sarkozy is also on board. Well, sticking with Germany? Some old, left over, tanks with tiny cannons? Okay, better than nothing, but a substantial support would look different! It's nice to see Ukraine slowly bleeding to death, nice that you still keep them alive. But what about an ambulance, rescue forces, helicopters, ICU? Well, that would suck Putin maybe, and he's such a powerful paper tiger – does only I always see mighty "Rudy" in front of me when seeing frightening Lavrov? This is so embarrassing!

Wednesday 01/04/2023 – 3:37 PM

McCarthy – how embarrassing this GOP jerks can still become? Can they still feel a bit ashamed, or is this the new America? In any case, McCarthy has – if he had anytime – definitely no moral values left. I would be ashamed. But this is the visage of the money and power hungry old white men, you have to puke if not a swine yourself.

Tuesday 01/03/2023 – 6:47 PM

China – China pissed off? Are you kidding me, fucking China? I had to do a test to travel to Portugal, as the pandemic was more severe in Europe. You had to quarantine to travel to China. This shows what a shit government this is, this communist pig pen. But no problem to "accept", possibly, a million dead Chinese inhabitants – hey, that's like Donald Duck! Xi or Donald Duck or Bolsonaro or Johnson or, or, or, they all have no difficulty therewith to kill hundreds of thousands of their people only to stay in power and be still able to jerk off. Brave old world.

Tuesday 01/03/2023 – 5:42 PM

Ronaldo – It's Money That I Love, Randy Newman. What's more to say? Not every Portuguese has to be a nice person. Well, Maradona the Cheating World Champion? It's part of soccer. Lance, the American hero? Oh Peter, you have to suck the cock of them who pampers you, that's the course of the world.

Monday 01/02/2023 – 6:56 PM

Forgotten? – do I have forgotten to mention the German pope? Well, what's to say? He was fucking conservative till the very ground, he veiled sexual misconduct till his very end. Was there something with Nazis? We can forget this, the rest is fucking enough! So, I also said something about the German pope now, the rest will be written by Dante – oh, he has already written about all those popes, now in hell.....

Sunday 01/01/2023 – 6:38 PM

A New New Year? – why, the humans as insane as before. Well, the pandemic seems to be over somehow, but what about the war in Ukraine? The American democracy still on the brink, Germany still not willing or able to become more honest about itself. No indications that climate change will be handled seriously, we have no common idea about the human living together.

I will write a dystopia, again, but this time not with fantasy or manga elements, this time as a prediction based on today's reality. Well, the story could become easily refuted, all alone by the "development" of the triangle Biden / Donald Duck / DeSantis. But this risk I have to take, I will not wait until it's settled.

What if the pandemic is over in 2023, the war in Ukraine quickly over with a total Russian defeat, Donald Duck charged and sentenced and behind bars, strong measures enforced to fight climate change? Don't this sounds like a Hollywood fairy tale? I for my part, I will write a dystopia.

Happy New Year, to all those who are still optimistic!
